Book of Genesis:

1:1 in the beginning our Lord created the Heavens and the earth. It all began with Allah before time who is our Lord forever, that is Monotheism.

1:2 the earth started without a function as void. The Biblical Hebrew word is Tehom. The Red Sea coastal plain in Arabia is called Tihamah which stems from North to South Arabia.

1:4 this is a false verse that our Lord created light and then separated the light from the darkness.

1:7 we don't know if the firmament was made after the Heavens and the earth.

1:20-23 water started first; this is the same as the Quran. Large reptilians are referenced here, these are dinosaurs.

1:26 let us make mankind in our image, in our likeness so that they may rule over all creatures that move along the ground. The word likeness can also mean having thought, intelligence, and emotion.

1:27 Allah created man and women in His own image.

1:28 Prophet Adam and his wife are instructed to be fruitful and multiply. This is the main reason why men want as many women as possible; men picture in their mind how it can work with someone they know so little about because this is the first thing on their mind what Allah had asked of them. Also, most women want children. Since Allah had blessed Prophet Adam and then said to him and his wife be fruitful, this means anyone of religious faith will feel blessed by Allah and that it is speaking to them. Do you notice how this verse is at the beginning of the Book of Genesis? This verse is not canceled out anywhere in the Talmud's or hadiths. That tells me Allah wanted this for all his Abrahamic faiths, this was a key part of religion. In today's earth, the three faiths together average about 3 children per family, the average worldwide is 2. That indicates something noteworthy to me. Allah told Prophet Adam to control Paradise and what is in it. That means Prophet Adam was the one who the jinn in Paradise answered to.

1:29 our Lord did not say Prophet Adam and his wife could eat from the tree of knowledge.

1:31 the writer of Genesis says that what God had created was very good.

2:2-3 these are false verses; these verses may have been added later after the Sabbath in the Book of Exodus. Our Lord is not limited. In Psalm 121:2-4, Allah does not rest. The Quran states that it took six days to create the Heavens and the earth.

2:4 Prophet Adam was the first human. We all descend from Prophet Adam. Prophet Adam was the first Muslim. Prophet Adam was a Muslim his entire life. That means we are all born Muslim.

2:5 this is a false verse that there were no plants on the earth yet. In Genesis 1:11, on the fourth day there were already plants on the earth.

2:7 the Lord made man from dust of the ground, same as clay in the Quran

2:10-14 Pishon is in the land of Havilah. Havilah is where the Ishmaelites dwelt. This would be somewhere in Yemen. Yemen has many gold mines. Shem named one of his three sons after the Ashur river. This may sound like the location of Dilmun a legend of a place that people lived eternal located in Qatar, however it is not. We have successfully found where the Gardens of Eden are.

2:15 this is a false verse; the verse is documented wrong. Our Lord is not called “the lord god”. The correct way of saying it is the Lord, the God of the Israelites. Or, the Lord, God Most High.

2:16-17 Prophet Adam and his wife were told by our Lord they could eat from any tree in the Gardens of Eden except for the tree of knowledge. Prophet Adam and his wife were told this after Genesis 1:29. Prophet Adam ate from the tree of knowledge, if he ate from the other tree, he would have become a God. Prophet Adam sinned when he was sharing knowledge with other lower gods on intellect, Prophets cannot be in the Gardens of Eden and not sin I guess because the environment is perfect and Prophet Adam wasn’t ready for it but when we humans go back to the Gardens of Eden, we will be ready. Whether or not Allah said this verse, Prophet Adam knew he would die if he ate from that tree. It was handed down that Prophet Adam knew, and Satan tempted him. That is in the Quran. The Bible does not explain what one of the trees was for, the Quran does.

2:18 the Lord said it is not good for a man to be alone. One can read this as it is not good for a man or woman to not be married. Also, women are helpers.

2:19-20 our Lord assigned Prophet Adam to name all the animals that were created in the Gardens of Eden. All animals were in the Gardens of Eden.

2:21-23 these are false verses of God making Prophet Adam enter a deep state of sleep and making a woman from a rib of Prophet Adam.

2:24 a man will leave his father and mother and hold on fast to his wife, they become one in flesh. This verse is in all Abrahamic faiths.

2:25 Prophet Adam and his wife felt no shame in the Gardens of Eden.

2:33 the man who is Prophet Adam's first word said it "this." I think Prophet Adam had many dialogues before this verse. I think Prophet Adam did say this verse. What is important here is that Prophet Adam's first words are something that all can understand.

3:1 the Serpent is another god that existed with Eve. The Serpent is not Satan, they have different names, The Serpent would have been called Satan if that was The Serpent's name.

3:2 the woman said to the Serpent that there were trees in the Gardens of Eden.

3:4-5 these are false verses since Prophet Adam would have knowledge of good and evil. Prophet Adam would become a god with powers. What makes people believe Allah would hide knowledge from Prophet Adam or that this serpent would lie to the woman?

3:6 the woman ate from the tree with her husband Prophet Adam. This is the same as the Quran.

3:7 we humans wear clothes after being expelled from the Gardens of Eden. This is the same as the Quran.

3:10 Prophet Adam and his wife hid because they were naked. This is the same as the Quran.

3:11 Allah asked Prophet Adam who told him he was naked. Allah also asked Prophet Adam if he ate from the tree he was commanded not to eat from. This is the same as the Quran.

3:13 we don't know if our Lord asked Prophet Adam's wife why she ate from the tree of knowledge and she told our Lord that the Serpent had deceived

her. This is not the same conversation that Allah had with Prophet Adam and his wife in the Quran.

3:14 our Lord said to the Serpent that he would crawl on his belly and eat dust for the days of his life. Satan did not crawl on his belly, nor did Satan eat dust in the Old Testament we have today, the false gospel, or the Quran.

3:15 everyone is capable of sin except for Prophet Isa after the woman ate from the tree of knowledge. This is the same as Islam.

3:16 our Lord says He will put enmity between Prophet Adam and his wife. This verse was not said to the Serpent, the verse was said to Prophet Adam and his wife. This is the same as the Quran.

3:17 Allah tells Prophet Adam that He told Prophet Adam not to eat from the tree of knowledge. This is the same as the Quran. Mankind would have to work hard after Prophet Adam and his wife were expelled from the Gardens of Eden.

3:20 this is a false verse. Prophet Adam didn't name Eve. Eve's name means all living.

3:21 our Lord made clothing for Prophet Adam and his wife from animal skins.

3:22 this is a false verse; Prophet Adam already knew good and evil in the Gardens of Eden.

3:23 Prophet Adam was expelled from the Gardens of Eden. This is the same as the Quran.

3:24 what happened to Eve? Prophet Adam's wife was most likely Lilith the female demon, but this cannot be confirmed, we cannot confirm her name is Lilith. If Prophet Adam's wife isn't Lilith, I don't know who his wife would be. Cherub Angels and a flaming sword guard the way of the tree of life. There are Angels that are not cherub Angels that guard the Gardens of Eden.

4:1 this is a false verse, Prophet Adam did not bore with Eve. Eve did not say she brought forth a man, that is Prophet Adam's name. We don't know if Cain was born before his brother Abel. We don't know what this verse is talking about since it involves Eve.

4:2-7 stories are fused together in Genesis 4. We do not know who she is who is Prophet Adam's wife gave birth to Abel in Genesis 4:2. Both were young adults, Cain kept the flocks, Abel worked the soil. Over time, Cain brought some fruits for the Lord. Abel brought a fat offering. In the course of time means that there were sacrifices by both Cain and Abel before this sacrifice from Cain and Abel. Cain and Abel were not minor Prophets nor were they major Prophets. When Cain and Abel gave an offering to our Lord, Cain and Abel were not speaking to our Lord. Prophet Adam was the one who spoke to our Lord. Cain slew Abel, also Prophet Adam's wife who is unnamed, gives birth to Seth. We do not know how old Cain and Abel were when Cain executed Abel. Cain and Abel were most likely in their 30's since Seth was born after Abel was executed by Cain.

4:8 the text of what Cain said to Abel is lost, we don't know what Cain said to Abel. Cain killed Abel in the field where Abel kept the flocks and Cain worked the soil.

4:9 Cain is not a Prophet. We don't know who Cain was talking to in these verses. Cain and Abel did not get along. This is the same as the Quran.

4:10 this verse may have been Prophet Adam speaking to Cain.

4:12 the land that Cain had lived in would no longer provide crops.

4:13-14 Cain may have said this to Prophet Adam. Cain is not a Prophet. Cain did not say this to our Lord.

4:15 our Lord may have said this to Prophet Adam when Prophet Adam was speaking to our Lord. Prophet Adam may have told Cain what our Lord said to him.

4:16 Cain went to the Land of Nod. The Land of Nod is East of Eden. Cain went to the Land of Nod in Eastern Arabia.

4:17 part of this verse is false; Cain did not marry his sister. It is forbidden in religious law. Cain was building a city after his son Enoch. Which group of people completed the city that was named after Enoch?

4:18-21 the first livestock farmers, instrument makers, and craftsmen were from the city Cain had built. This would be the first city ever being built in Arabia if this verse is correct. The people of the city of Cain lived in tents. Lamech had two wives. Zillah is an Arabian name. Jabal is the ancestor who dwells in tents and herds cattle. Jubal his brother was the father of all who

play string instruments and pipers. Cain's city has more inventions than the Sumerians claim that the Anunnaki taught them.

4:22 Zillah's son Tubal-Cain forged all kinds of tools out of bronze and iron. In the First Book of Enoch, the Angel Azazel taught man how to build swords, knives, and breastplates, and revealed to them the metals of the earth and how to work with them. We don't know this.

4:23-24 Lamech killed a man for injuring him. Lamech said that Cain was avenged seven times which is from Genesis 4:15 and Lamech would be avenged seventy-seven times if he was killed.

4:25 Seth is the third son of Prophet Adam and his wife. We do not know if Seth was a Prophet or not. I don't believe Seth was a Prophet.

4:26 after Enosh, people called on the name of the Lord.

5:1 Prophet Noah's lineage beginning at Prophet Adam. The Israelites recited the Books of the Old Testament, the Quran is recited by Muslims.

5:2 Allah created mankind; this is where mankind came about. Mankind was made in the likeness of God meaning God resembles us men.

5:4 there were names that were not translated well at all from Rabbinical Hebrew to Biblical Hebrew. I believe some names in the Bible we have today are far off.

5:5 we don't know if Prophet Adam lived for 930 years. This is shorter than Prophet Noah who lived for 950 years. I doubt this verse is correct.

5:18-20 we don't know if Jared lived for 962 years.

5:21 Prophet Enoch was 65 years old when his son Methusaleh was born

5:22 Prophet Enoch walked with God for 300 years. We don't know if the Biblical Hebrew name Enoch translates to Idris in Arabic since Biblical Hebrew is lost.

5:24 if Prophet Enoch ascended to the Heavens, he came back from the Heavens and later died on the earth. If Prophet Enoch ascended to the Heavens, then he is a Prophet.

5:27 Methuselah was the man who had lived the longest on the earth. His name is the most Arabian in my opinion with selah, otherwise salah in his name.

5:28 Lamech was 182 years old when Prophet Noah was born.

5:30 Lamech lived for 595 years after Prophet Noah was born. Either Genesis 5:28 is false or Genesis 5:30 is false or both verses are false.

5:31 this is a false verse. Lamech did not live for 777 years.

5:32 Shem, Ham, and Japheth were born when Prophet Noah was 500 years old. The English language didn't exist yet; Ham's name doesn't mean pork. Ham is an Arabian name.

6:2 the sons of god are not Nephilim. Nephilim are from the sons of god or tribe of Gods. This was before the Flood in Prophet Noah's time. Sumeria came after the Flood.

6:3 the maximum a human can live to is 120 years old

6:4 the tribe of Gods which are called jinn roamed the earth and mixed with us humans creating the Nephilim, this means the tribe of Gods impregnated women. The tribe of Gods could not have been "fallen angels", the giants would have had the same beauty as Prophet Joseph and his mother. We humans are not related to Nephilim because Nephilim lived past 120 years old. The correct translation is the tribe of Gods not sons of god. The Nephilim are known as giants, Emim, Rephaim, and Anakim. The Book of Enoch explains that Gabriel started a civil war between the Nephilim. The Nephilim lived for 500 years after the civil war; this means there are no Nephilim left. The Nephilim were honored for teaching us wisdom, this is found in the Book of Proverbs. The Nephilim did not construct the pyramids. The Nephilim are not from planet Nibiru. I don't believe there is a planet Nibiru, Zecharia Sitchin does, and he is a credible source. I also don't believe there is life outside of the Heavens, Hell, and the earth. The Nephilim and the tribe of Gods are the ones who created all the false religions. Nephilim and the tribe of Gods are not "aliens" and share nothing in common. The Anunnaki have both Angels and the tribe of Gods. The tribe of Gods and the Anunnaki who were not Angels were no longer Gods and became jinn later on. The tribe of Gods and the Anunnaki came from the Heavens and landed on pyramids in Mexico, Honduras, Colombia, Ecuador, Peru, Egypt, Sudan, China, Cambodia, and Indonesia. The tribe of Gods and the Anunnaki also landed on ziggurats in Mesopotamia and Persia. Wherever a megalith is, the Nephilim, and the tribe of Gods were there to construct the megalith. This means the Nephilim, the tribe of Gods, and the

Anunnaki were in Western Europe, Australia, parts of Asia, Africa, Central America, and South America.

6:5-6 I don’t know if this is true or not that everyone on the earth was evil that everything they did was wrong, and Allah regretted making humans. I would say these verses are false. A verse says Lord was grieved at his heart watching this, this is interesting it may or may not be true. This would mean Allah has a heart like us humans. How can Allah regret what Allah knew would already happen? This verse is not a Prophet speaking so it cannot be confirmed Allah believed this. The word nacham for “comfort, saddened, or regret” means many different things, or we don’t know the Rabbinical Hebrew translation meaning.

6:7-9 the “earth” for the Arabs at the time was Arabia. The Arabs said our Lord flooded “the earth”. The alternative which I don’t believe is that the author of Genesis wanted the Israelite stories in the Book of Genesis to be global, so the author said the Flood was global where the same was said about Prophet Abraham touring the Middle East on a camel. There is reason to believe the Flood is regional because the Israelites stories involving the Prophets took place in Arabia. Prophet Noah and his sons all spoke the same language. Rabbinical Hebrew did not begin until much later. This means Prophet Noah and his sons spoke Arabic. There were other languages taught at the time. The land of Cush repeats in Genesis 10:6, the land of Ashur repeats in Genesis 10:22. Sodom and Gomorrah were destroyed eight generations after the Flood, this gives more reason to believe the Flood was regional.

6:11-13 the Arabian tribes were full of violence and corrupted their ways, that’s why Allah flooded a section of Arabia. The earth wasn't flooded; a region of Arabia was. The Maarib Dam in Yemen collapsed and caused a flood which Prophet Noah was warned of by our Lord. Yemen was literate during the time of Prophet Noah, this is how we know the event happened in Yemen. This was because the al Bashar tribe did not punish murder with death. This caused personal and tribal vendettas to solve their matters outside of the law. Since floods were frequent during Prophet Noah’s time, it is very possible people prepared for floods but had no reason to believe Prophet Noah that this upcoming one would last forty days making the story realistic. What probably happened was the people of Noah were invited to Noah’s Ark as the Flood was taking place. Noah’s Ark may have been far away from where the local tribes were in Yemen. If only the 29% to 34% of

Christians today who do not support the death penalty knew this about the story of Prophet Noah, they would know they got their belief here all wrong.

7:1 Prophet Noah was righteous. Prophets know everything about life. This means Prophets knew everything about other religions when encountering the Israelite enemies as example Prophet David when he encountered the Amalekites. This included Prophets Moses and Aaron when they encountered Pharaoh at the time. Also, Prophet Noah knew everything about the different religions of Ancient Yemen during his time.

7:2 Allah told Prophet Noah to take seven pairs of clean animals, and one pair of unclean animals on Noah’s Ark.

7:6 this is a false verse that Prophet Noah was 600 years old during the Flood. Prophet Noah stayed with the people of Noah for 950 years.

7:7 Prophet Noah and his family members enter the Ark.

7:13 the verse is then repeated that Prophet Noah and his family members entered the Ark.

7:20 this is a false verse; the Flood did not cause the water from the Flood to rise to cover the mountains to a depth of more than twenty-two feet.

8:4 the mountains of Ararat is the range where Noah’s Ark is. The mountain Noah’s Ark is on is Mount Judi which is in the range of the mountains of Ararat. Mount Ararat and Mount Arafat in mecca are close in spelling. The two locations are in the Hijaz in Arabia. Also, both are hills. Mount Ararat is in the Najd in Central Arabia whereas Mount Arafat is not. I believe the name Mount Arafat was taken from Mount Ararat.

8:6-12 only a dove and a raven are mentioned as animals on Noah’s Ark.

8:21 Allah says man’s heart is evil, but our Lord promises to never flood the earth again.

8:22 our Lord says that man cannot destroy the earth.

9:3-4 animals are made as meat for us humans.

9:5-6 capital punishment for murder. Also, whoever sheds blood their blood shall be shed, that means there are punishments in the world for doing the wrong thing.

9:7 Prophet Noah's people were instructed to be fruitful and multiply.

9:15 this is a false verse; Allah promises Prophet Noah that there would never be a flood that was like the Flood. The second part of the verse of Allah sending the Flood to destroy all life is false.

9:20 Prophet Noah was the first person to make a vineyard. The vineyard was used for producing either grapes, raisins, or grape juice.

9:21 this is a false verse that Prophet Noah used the vineyard to make wine that Prophet Noah drank. The Prophets do not drink alcohol.

9:22-23 this is a false verse; this is a false story as to why Canaan was cursed.

9:28 it is doubtful that Prophet Noah lived 350 years after the Flood.

9:29 this is a false verse that Prophet Noah lived 950 years. The Quran says that Prophet Noah lived with the people of Noah for 950 years.

10:5 Prophet Noah and his sons all spoke the same language. Rabbinical Hebrew did not begin until much later. This means Prophet Noah and his sons spoke Arabic. There were other languages taught at the time. The Gentiles were divided after their families by their tongues and their nations. This is the first Gentile; Goyim reference in Scripture.

10:7 Raamah is Najran in Southern Arabia. Raamah is listed before Dedan. Raamah's son is called Dedan. The Dedanites were called the Lihyan people in Northern Arabia. Dedan was a Kingdom known as a costal people from the 7th century B.C.E. to 24 B.C.E. who lived in Western Arabia who had their own capital named Dedan. They were always known to be descendants of Prophet Ishmael. Raamah is a city in Arabia.

10:8 Nimrod was claimed to worship fire, yet every ruler of Ur for thousands of years worshipped the false moon god. This story is found in the Talmud. Since there is no one called Nimrod throughout history, the word Nimrod could mean anything such as a word used to describe a fishing pole. Because there is no evidence for Nimrod, it becomes believable that people would have false sayings of Jesus saying that he is god. The people who record the Bible we have today can just come up with stuff that sounds like a good idea to them. It sounds the same as Jesus being god of Nimrod worshipping fire since both claims of worship have no evidence of it. No one can disprove what I say here until they can find historical evidence of Nimrod and that he worshipped fire. There is no connection of Nimrod to the Tower of Babel. Nimrod is a story that doesn't involve a Prophet giving

less reason to believe it. This is an example in Genesis where there is less known about a figure in Genesis than what the public will tell you.

10:10 Sargon of Akkad is mentioned in this verse as the King of Akkad.

10:18 the Zemarites are an Arabian tribe.

10:19 Zeboyim is a clan in Canaan in Arabia. Zeboyim is an Arabian name.

10:20 the sons of Ham were divided after their families by their tongues and their nations.

10:21 we don't know if Shem was a Prophet or not. I doubt that Shem is a Prophet.

10:22 one of Shem's sons is Ashur. One of the Muslim holidays is Ashura.

10:25 we don't know if the earth was divided into different continents during Peleg's time. This verse could mean that languages were divided during Peleg's time. This verse is before the Tower of Babel story in Genesis 11:1-9. The land was divided after the Akkadians emerged; this was a new Mesopotamian rival. Joktan, the son of Eber became a tribe much later in Arabia during Muhammad's time called Banu Qahtan. This event is not related to the Flood or the event that didn't occur of the Tower of Babel. This verse is noteworthy.

10:26 Joktan is known to South Arabia as the ancestor of the Qahtanite tribe that descend Prophet Ishamel. Joktan's son Hazarmaveth has a region in Southern Arabia called Hadhramaut. Joktan's son Sheleph is the name of a Yemenite tribe or district. Joktan's son Almodad is the founder of a Southern Arabian tribe.

10:27 there is a region named Azal in Sanaa Yemen after Joktan's son Uzal. Diklah who is one of Joktan's son name means palm tree in Biblical Hebrew.

10:28 Abimael is an Arabian name. Abi means "father of" in Arabic. Sheba is one of Joktan's sons. When brought up in a conversation about Sheba, most if not all people think of the Queen of Sheba. Several of Joktan's sons are traced in Araba. This is more evidence that the Queen of Sheba was the Queen of a Yemenite Kingdom. The name of Sheba was present since the Book of Genesis.

10:29 Jobab one of Joktan's sons became King of Edom later in Genesis 36. Jobab could be Prophet Job's former name, they both lived in the same land, and they were both wealthy. We will never know if they are the same.

10:31 the sons of Shem were divided after their families by their tongues and by their nations.

11:1-4 these are false verses that there was one language before the Tower of Babel. This story in Genesis 11 is a combined story of a group of people who came from the East who went to Shinar in Western Arabia to create a unified community. The story of languages being united at a Tower of Babel is a myth. This means there wasn't a Tower of Babel, since Genesis 10:31 said there were many languages before the Tower of Babel. The city of Babylon did not exist during the time of Genesis 11. A verse in the story says to reach the Heavens, let us make a name for ourselves, otherwise, we will be scattered over the face of the earth. This means they were not scattered because they tried to reach the Heavens. I am not sure what this verse this means, this verse brings more doubt to the story. The Tower of Babel is mythology to explain how different languages were created. We can trace the origins of languages, making this story unlikely to have happened. It is allegorical in the sense that we are not allowed to reach our Lord, and this is why each country has its shortcomings. The ziggurats in Babylon are completed. The ziggurats were made with brick, that does not mean the Tower of Babel was a ziggurat because the Tower of Babel would have been made with brick. If the Tower of Babel was made with brick instead of stone, the Tower of Babel would have likely lasted since there were two Empires in Mesopotamia. It is false that all languages and religions came from Babylon. All languages and religions came from Arabia. There is a story of Pharaoh wanting to reach God to see our Lord. This concept may have been handed down from generations from tribe to nations where many tribes and nations tried to reach our Lord. The Book of Genesis are tribal Israelite stories within the Arabian region. The Tower of Babel story is out of place.

11:4-8 the people who migrated from the East to Shinar in Western Arabia are not listed. This means the verse explaining which group of people they are, is lost. The people of Shinar in Western Arabia did not build a tower. The people in Shinar in Western Arabia wanted to make a fortified city and become a unified political community. They may have wanted to call the fortified city Babel after Babylon in Mesopotamia. The people in Shinar in Western Arabia did not complete their work. There is a connection between

Southern Iraq and the Hijaz historically. This was near Taif, the city was known to connect many different nations in the Middle East.

11:9 in several clay tablets in Sumeria, the Anunnaki have wings, this means Anunnaki are Angels from the Heavens. They are Angels because they have four wings. The Quran confirms that there are Angels with four wings. The Anunnaki ascended from the Heavens, the Anunnaki did not fall from the Heavens. This explains that in Ancient Sumeria, the ziggurats that the Anunnaki were giving information of life to the religious priests told through tablets. The Anunnaki gods that false gods that have two wings are Ninhursag, Ningal, Utu, Inanna, and Ereshkigal. The Anunnaki false gods with four wings are An, Enlil, and Ninurta. Allah gave us the explanation of Anunnaki talking to man, so we do not go to polytheism. The clay tablets in Sumeria were not from Arabia. These events were not part of Scripture; Scripture is sent only in Arabia. The Angels that revealed revelation probably stay in Arabia.

11:11 this is a false verse; Shem did not live until age 500. Shem is Prophet Abraham's great grandfather; Shem did not live longer than Prophet Abraham who lived until age 175 in Genesis 25:7.

11:12-15 Prophet Salah a major Prophets lineage is told in these verses. Salah means prayer in Arabic; this is more evidence that the Prophets are Arabian.

11:24 this is a false verse that Nahor became the father of Terah when he was 29 years old. Terah is not a Biblical person. Terah could be a Mesopotamian name. Terah later became the name of an Arabian village. The father of Prophet Abraham is Azar. Azar and Terah do not mean the same in Arabic.

11:26 this is a false verse that Terah was 70 years old when Abram was born.

11:27 this is a false verse that Terah is the father of Abram, Nahor, and Haran. Nahor is Terah's father in Genesis 11:24. This is Terah's lineage; this is not Prophet Abraham's lineage. Prophet Abraham's father is Azar.

11:28 this is a false verse that Terah is the father of Haran. Haran passed away in Chaldea. Chaldea is a land in Arabia near Canaan in Arabia. The Chaldeans started in the village of Kalada in Taif in Southern Arabia since Chaldea and Kalada mean the same. The Chaldeans started in Kalada, a village in Southern Arabia and went to Mesopotamia much later. This verse

is important because the central figure in the faith traveled all around the Middle East to unite it. Is it possible that the Muslims wrote this story in to make their faith global and accessible to all? Prophet Ibrahim knows all cultures in the Middle East and is respected by them, he's relatable to all the people at that time, and few seem to ask this question. Prophet Abraham lived before the city of Babylon started. If the city of Babylon was a city during the time of Prophet Abraham, the city of Babylon would have started far after Prophet Abraham began his mission in Western Arabia. Babylon was the biggest city with over 200,000 people from 1,900 B.C.E. to 1,600 B.C.E. Ur in Iraq is East of Babylon in Iraq. Historians placed Chaldea in Southern Arabia as Ur in Iraq because there was a Kingdom called Ur III in Iraq during Prophet Abraham's time and because Ur in Iraq was near a popular city in Babylon and because there was a Kingdom called the third Kingdom of Ur in Mesopotamia at the time of Prophet Abraham. Chaldea is not related to Ur in Mesopotamia and the third Kingdom of Ur. Historians were trying to say that Prophet Abraham was near a big city since historians believed Prophet Abraham's journey took place throughout the Middle East from Ur in Mesopotamia to Palestine. The journey the historians believed was near Babylon from Ur in Mesopotamia to Palestine.

11:31 this is a false verse that Terah took his son Abram, Lot the son of Haran, and Sarai his daughter in-law and his wife from Chaldea into the land of Canaan, when they stopped at Haran, they dwelled there. Terah and Abram are not Biblical people. Terah is not related to Prophet Abraham. Terah most likely lived in Mesopotamia; he did not live in Chaldea in Arabia. The stories about Terah and Abram are confused with Prophet Abraham and Azar who lived in Chaldea in Arabia. If Chaldea was in Babylon during that time, that would mean Terah went south from Babylon to Arabia. Or Terah went north from Chaldea in Arabia into the land of Canaan in Northern Arabia. There is an error in this verse that Abram was not a Biblical figure and Sarai either wasn't Terah's daughter in-law or is not a Biblical figure. Prophet Lot may have lived in Chaldea in Arabia.

11:32 this is a false verse that Terah was 205 years when he died in Haran. This would mean Abram was 135 years old when Terah died. Terah is not a Biblical person.

12:2 this is a false verse that Abram was blessed by Allah during his time of reign. I believe the verse was intended to be about Prophet Abraham.

12:3 this is a false verse that our Lord will bless those who bless you and curse those who curse you. This verse is speaking to Abram. I believe the verse was intended to be about Prophet Abraham.

12:4 Abram was 75 years old when he left Haran. This was after Terah died. Terah could have been no older than 145 when he died; or Abram was 75 years old after he had lived 135 years. Terah in Biblical Hebrew means the same as Azar in Arabic though their names are somewhat different. The translation in Biblical Hebrew is Haran, not Harran. Haran is not the city in Harran in Turkey. Harran a city in Turkey would have been a big detour from Ur of Chaldeans to Palestine. Some of them now think it is the city Urfa in Turkey.

12:6 this is a false verse; Prophet Abraham did not own a camel.

12:13 Abram and Abraham mean the same of father of a nation in Biblical Hebrew. However, I don't believe Abram is the same person as Abraham nor do I believe the writers of the Old Testament mistook Prophet Abraham's name for Abram. Sarai and Sarah mean the same of princess in Biblical Hebrew. Sarah may have been called Sarai because she was an Arabian princess. Part of what doesn't make this believable is that the name Abram and Abraham along with Sarai and Sarah are similar mean the same in Biblical Hebrew whereas and Jacob and Israel are not similar, and Jacob and Israel mean something different in Biblical Hebrew.

12:15 it is doubtful that the King of Mizraim was the Pharaoh at the time of Abram or Prophet Abraham. There may not have been a Pharaoh in a city near Mecca. There is more reason to believe this event didn't happen with either Abram or Prophet Abraham. The leader of Mizraim during Abram's time is named or titled Pharaoh, King of Mizraim. It is doubtful that Pharaoh was the leader's name or title.

13:1 Abram or Prophet Abraham and Prophet Lot had several herdsmen that disagreed over sharing the land of Arabia. Abram or Prophet Abraham lived in Canaan in Northern Arabia. Prophet Lot lived in the Jordan in Southern Arabia. Prophet Lot took the land that was better, the land that was near Sodom and Gomorrah. We don't know if this story happened or not.

13:8 we don't know if Prophet Lot is Prophet Abraham's brother or Prophet Lot is Prophet Abraham's nephew. In Gensis 11:27 and Genesis 11:31, Prophet Lost is Abram's nephew. Prophet Lot could be Prophet Lot's

brother in religion. The four verses in the Book of Genesis which reference Prophet Lot being related to Abram are 11:27, 11:31, 12:5, 13:8. These verses reference Abram, not Prophet Abraham.

13:10 Zoar is a city in Arabia.

14:1 there was a tribal Kingdom that Abram fought in the Battle of Siddim with a name we do not know with a leader called Tidal, the name of the tribe is not goyim. I would think the name of these tribal Kingdoms are lost or there was a battle with Abram and not Prophet Abraham. This story could have been added when the Israelites were in Babylonian Captivity since the story took place in the region, I doubt it was. We don't know which stories were added from Babylonian Captivity, I don't believe many were added from myths in that region. I don't believe this battle did not occur, it either happened with a Mesopotamian leader named Abram or with Prophet Abraham. I believe the battle happened with a Polytheist tribal King named Abram or a different leader in Mesopotamia who had no relations to the Israelites. I believe this story was added to the Bible. I believe the Battle of Siddim happened in the Middle East in modern day Iraq, it did not involve Arabian Kingdoms on Arabian land. There are many factors as to what happened in the story is not present such as the warrior who led the fight was not named "Abram", this fight was between Kingdoms in Mesopotamia, not involving Kingdoms in Arabia such as Bela, Admah, Sodom, and Gomorrah. Bela is the same as Zohar, Bela is a city in Arabia. The Israelites mixed surrounding Kingdoms in Arabia with unrelated Mesopotamian Kingdoms for a portion of the stories in the Book of Genesis. As example, Elam is an ancient land in Persia and Shinar is land in Mesopotamia.

14:5-7 this is one of the earliest mentions of giants in the Bible. The Zuzites were a tribe in Southern Arabia. The Zuzites are an Arabian tribe.

14:8 Melchizedek is not a person. Melchizedek means "honest King."

14:13 the Amorites had giants who were part of their tribe. Abram fought alongside the Amorites with his 318 elite soldiers. If Prophet Abraham fought this war, this means Prophet Abraham had giants fight for him.

14:14 this is a false verse. The land of Dan's name came later.

14:19 this verse is a reference of heaven in Genesis. This means the Israelites knew about the Heavens early on.

15:1 the first reference of the word of the Lord is with Abram and not with Prophet Abraham

15:4 the second and final reference of the word of the Lord in the Old Testament is with Abram and not with Prophet Abraham

15:7 the mistake people make is that they believe God is saying Prophet Abraham came out of Ur of Chaldean in this verse. All Prophets came from Arabia. We don’t know if our Lord said this or not.

15:8 wadis are found most in Arabia. Wadi is an Arabic term.

15:13 this is a false verse. The Israelites were not enslaved in Mizraim for 400 years. Slavery did not last in Egypt for a span of 400 years. The longest the Israelites could have been enslaved for is 358 years. This would have taken place after Prophet Joseph passed away.

15:18 this is a false verse that Abram was promised the wadi of Mizraim to the Euphrates River. Abram is not Prophet Ibrahim. The verse describes a wadi in Mizraim, the verse does not describe the Nile River. Genesis 15:18 says that the descendants of Abram are promised from the wadi of Mizraim to the Euphrates River. Prophet Abraham had eight sons, the wadi of Mizraim to the Euphrates would be divided between the descendants of his eight sons. Prophet Ishmael is said to be the descendants of Arabs; this means that a portion of the wadi of Mizraim to the Euphrates would be given to the Arabs. If this verse was a prophecy, it would have already been fulfilled, the Arabs already got the land a long time ago.

16:7-13 Hagar ran away; no one said it would be easy being a Muslim. An Angel assured Hagar that she would raise Prophet Ishmael. The Angel assured her that she would be successful on the earth, she would be honored on the earth, and she would be raised to a high status in Paradise.

16:16 Prophet Ibrahim was 86 when he bore Ishmael with Hagar. The truth is we don't know his age since Prophet Abraham was circumcised at 80. Ismail in Arabic and Ishmail in Biblical Hebrew almost sound the same.

17:1 Prophet Elijah informed King Ahab that God would cause a drought in Ancient Israel in Arabia for two or three years because King Ahab brought in the false god asherah’s pole idol to celebrate it. We don’t know how long the drought lasted in Ancient Israel.

17:3 Abram bowed his head down to the floor

17:4-5 Allah says that Abram will be the father of many nations. if the people claiming to be Jews are the seed of Prophet Ibrahim, why are they only one small nation and not many nations? This is why it is more believable Prophet Ibrahim was an Arab Muslim. Prophet Isaac is confirmed to be an Arab. It cannot be a reference to Christianity because Christianity was dominant by the Gentiles, Paul was speaking the spiritual seed so Prophet Abraham's physical seed wouldn't have been many nations.

17:6 this verse is proven true. Kings of Arabia descended from Prophet Abraham. It is a fact that Prophet Abraham was a leader of a tribe in Arabia. It is highly unlike Prophet Abraham was a leader of a different tribe before he left his father Azar's house. The term children of Israel and Judah which is used for the terms Jew and Judaism came much after Prophet Abraham's time. This is also true with Christian and Christianity. Prophet Abraham being a Muslim likely.

17:9-14 we don't know if God or an Angel spoke to Prophet Abraham to circumcise himself.

17:17 this is a false verse; Prophet Ibrahim was 100 and Sarah was 90 when he bore Isaac with her. We don't know his age since Prophet Ibrahim was circumcised at 80.

17:18-19 when Prophet Abraham spoke to Allah, Prophet Abraham already knew Prophet Isaac would have descendants. This means that the story of Prophet Isaac on Mount Moriah in Genesis 22:1-19 is false.

17:20 this is a Prophet Muhammad reference where Prophet Ishmael would be fruitful and would be into a great nation known as the Ummah.

17:21 this is a false verse that the covenant was made with Prophet Isaac. The covenant was made with Prophet Ishmael which is found in the Quran. If Prophet Ishmael is blessed and Prophet Muhammad is from Prophet Ishmael, that means there is truth to Muhammad being a Prophet since Islam covers a portion of the earth. It can't be both that the covenant is with Isaac and Ishmael is blessed. We don't know if Prophet Abraham was a young man when he started preaching with his wife Sarah because the Quran said some described him as a young man when he broke the polytheists idols. Ishmael was a very common name in ancient Arabia.

17:24 this is a false verse; Prophet Abraham was 80 when he circumcised himself with an adze.

18:1-11 Prophet Abraham was visited by 3 Angels inside of his tents at the entrance of it. Prophet Abraham bowed to the ground when seeing them.

18:12 Sarah explaining she was too old to have children is the same as the Quran.

18:14 an Angels asked Prophet Abraham “is anything too hard for the Lord?”

18:19 the Lord tells Prophet Abraham that he will command his children and his household to keep the way of the Lord doing what is right and serving justice.

18:24-33 Prophet Abraham pleads for Allah’s mercy. This is the same as the Quran.

19:1 Sodom and Gomorrah raped people, they felt no shame. They wouldn't take the virgin Muslim women in faith who are not Prophet Lot’s biological daughters over raping a male. Prophet Lot was not saying if you want to have anal sex than have it with women. We do not know if Prophet Lot’s wife left. We know Prophet Lot’s wife either looked back or stayed behind with the people of Lot during the volcanic eruption. It is false that Prophet Lot’s wife turned to salt. No matter who spoke to the people of Lot, no one could convince the Lord to prevent their destruction, the decision was final the second it was decided. The people in it became arrogant to the point where they turned to evil that we have only seen during World War II after Germany surrendered. They went too far in evil; Allah is just to destroy the people of Sodom and Gomorrah. It should be added that we have never seen an entire community of people like this in any country or at any time in history where an entire town is evil. Where there is a good town, there are a few evil people, where there is an evil town; there are a few good people. This is the law of the world today, the world needed divine guidance to prevent this from ever happening again. All the men without exception, from young to old went to Prophet Lot’s house. In a later verse, Prophet Lot’s two sons did not go to his house.

19:2 two Angels arrived at Sodom that were assigned to Prophet Lot. This is the same as the Quran. Prophet Lot bowed his face to the ground; this is prostration. This is the same as Islam.

19:13 the two Angels said they were about to destroy Sodom and Gomorrah. This means our Lord and the Angels would destroy Sodom and Gomorrah.

This is the same as the Quran when our Lord and Gabriel destroyed a village, the Quran used the word we.

19:36 this is a false verse that Prophet Lot hesitated when the Angels told him and his family to leave Sodom and Gomorrah. Prophet Lot's wife looked back in the Quran.

19:30-37 these are false verses that Prophet Lot's daughters thought Prophet Lot and they were the only people left on earth after Sodom and Gomorrah was destroyed. They were taught to preserve their family line as handed down from generations. Prophet Lot would have sinned having sex with his daughters without his consent while he was drunk, however Prophets do not drink. This is the writer's explanation of how the Moabites and Ammonites began who had fought the Israelites.

19:38 God destroyed the Zamzummim so that the descendants of Prophet Lot's son Ben-Ammi could live in the land of Arabia.

20:12 this is a false verse of Prophet Abraham saying Sarah is the sister of his father. We know Prophet Abraham isn't describing Sarah as his sister in faith because the word sister is used twice in this false verse.

21:1-7 Sarah became pregnant with Isaac when Prophet Abraham was an old age. Prophet Abraham circumcised Isaac when he was eight days old. Sarah says our Lord brought her laughter and that everyone will laugh with her because Prophet Abraham was an old age when she gave birth to Isaac. We don't know if Prophet Abraham was a young man when he started preaching with his wife Sarah because the Quran said some described him as a young man when he broke the polytheists idols. Ishmael was a very common name in ancient Arabia. Sarai and Sarah mean princess. Sarah was an Arabian princess. That means Prophet Abraham was a King in Arabia.

21:14-19 the Zamzam Well story with Prophet Abraham, Hagar, and Ishmael. The Zamzam Well is in the Desert of Beersheba. Prophet Ishmael is told in Scripture he will make a great nation known as the Ummah. This is the same as Islam.

21:20 Prophet Ishmael was an archer. Prophet Muhammad spoke of archery saying Prophet Ishmael was an archer in the hadiths.

21:21 Paran is the same as Hejaz.

21:31 Prophet Abraham renamed the location to Beersheba.

21:33 Prophet Abraham called on the name of the Lord who is the Eternal God. This is the same as Islam.

22:1-2 these are false verses; the writer had heard of Prophet Abraham's dream of sacrificing one of his two sons. The writer claimed that it was our Lord who spoke to Prophet Abraham telling him to sacrifice one of his two sons. The writer heard from others a story that Prophet Abraham's son Prophet Isaac was the son in Prophet Abraham's dream, the writer did not know which son Prophet Abraham's dream was about. The writer was wrong that Prophet Abraham's only son was Prophet Isaac. The writer was correct that he heard our Lord was testing Prophet Abraham.

22:3-7 Allah did not command Prophet Abraham to kill his son Isaac, this is Arabian mythology of a false god named abram who had sacrificed his own son.

22:8 this is a false verse that Prophet Abraham said a lamb would be sacrificed, a ram was sacrificed in Genesis 22:13.

22:13 the ram sacrifice is the same as the Quran.

22:18 Allah promised Prophet Abraham that all nations would be blessed through his seed. I think this verse means the covenant was for anyone through Prophet Abraham's seed that they can convert and be a Muslim because Prophet Abraham's seed had multiplied, and Islam became dominant.

23:8 Ephron a Hittite is the son of Zohar. Zohar is an Arabian name.

23:14-16 shekels being used as a currency makes it more believable that the story in Genesis 23 was handed down from generations because the shekel was used during the time of Prophet Abraham.

23:19-20 Sarah buried at the Cave of Patriarchs at Hebron in Arabia

23:23-24 one of Prophet Abraham's brothers Nachor had a son named Maacah. His son was born after Prophet Abraham and Prophet Ishmael rebuilt the Kaaba in Mecca in Arabia. The Biblical Hebrew word most likely translates to Mecca. Nachor's son was born in Mecca in Arabia. This means Prophet Abraham's brother Nachor lived close to Prophet Abraham in Mecca. Maacah is an Arabian name.

24:14-23 these are false verses. Prophet Abraham did not own a camel.

24:24-47 Prophet Isaac prayed to Allah for a woman which he got in Rebekah which he prayed for. Rebekah repeated what he claimed his future wife would say. Rebekah came out with a water jar on her shoulder.

24:51 Rebekah's name is Rebekah, not Rebecca. Rebekah is similar to Makkah which is Mecca in Arabia. Rebekah is an Arabian name.

24:63 Prophet Isaac meditated. This is the first reference of meditate in history.

24:65 this is a veil reference. The hijab goes back to the Book of Genesis in 1,890 B.C.E. with Rebekah wearing a hijab. During ancient Israel's time, every woman wore a veil with exception to prostitutes and some women. Women could not be Priests or warriors; Prophet Muhammad gave women the right to be warriors. Some women were preachers. Women could own property, this meant Prophet Muhammad gave the Arab women the right back that they had lost, not that Islam gave the right much later.

25:1-2 we don't know if Keturah was a concubine of Prophet Abraham since Abram of Beersheba is listed. It is possible since they lived in the same county as Prophet Ishmael. Prophet Abraham had six sons with his concubine Keturah. His sons with his concubine Keturah were Zimran, Medan, Midian, Ishbak, and Shuah. Zimran is an Arabian name. Midian is an Arabian name.

25:3 one of Prophet Abraham's sons is Jokshan. Jokshan had two sons named Sheba and Dedan. Sheba could be the first reference to Sheba in Yemen, Sheba was later known as the Kingdom of Sheba in Southern Arabia. Jokshan's other son is named Dedan. The people of Dedan were in Western Arabia. Sheba is an Arabian name. Dedan is an Arabian name.

25:7 I doubt that Prophet Abraham lived to the age 175.

25:8-10 Prophet Abraham buried at the Cave of Patriarchs at Hebron in Arabia, no one knows where the Cave of Patriarchs is or if the Cave of Patriarchs exists. We don't know if Abraham translates to Ibrahim in Rabbinical Hebrew. Someone may have called Prophet Ibrahim by name of Abraham to indicate that Prophet Ibrahim is an Arab from the desert since Arab is in the name Abraham. The person may have known the name Ham and thought Prophet Ibrahim's descended from Ham the Arab who is a son of Prophet Noah. However, Prophet Ibrahim descended from Shem and not Ham. What could have happened is people had confused Prophet Ibrahim descending from Ham instead of Shem.

25:13 Prophet Ishmael’s first son is Kedar. Kedar are the Qedarites in North Arabia who are descendants of Prophet Ishmael. The Qedarites were one of the Twelve Tribes of Israel. The Qedarites started in Northern Arabia. Prophet Muhammad is a descendant of the Kedar. Abdeel is the third son of Prophet Ishamel. The name Abeel is known to Northwest Arabia during 8th century B.C.E. as a name and a tribe.

25:14 Massa is an Arabian tribe.

25:16 the sons of Prophet Ishmael had camps they remained at

25:18 Shur is near Midian, Havilah is where the Ishmaelites were. The Ishmaelites lived from Havilah and Shur. Havilah and Shur are east of Mizraim. The Ishmaelites moved east to Ashur. Havilah is a city in Arabia, Shur is a city in Arabia.

25:19 Prophet Isaac married Rebekah when he was 40 years old.

25:21-26 Prophet Jacob and Esau had the same father and mother which means that they looked about the same.

25:28 this is a false verse, Rebekah loved both Prophet Jacob and Esau

25:29-34 Prophet Jacob cooked the stew, Esau worked in the field. Prophet Jacob wanted the first right to inheritance from Esau who was the first son of Prophet Isaac. Esau did not view the first inheritance as valuable. Prophet Jacob tricked Esau into selling the stew. This caused the brothers Prophet Jacob and Esau not to get along.

26:1 Abimelech which means that Abu Malik is an Arabian name

26:4 Allah tells Prophet Abraham his seed will produce offspring as numerous as the sky and Allah will give his seed all these lands in the Middle East. This is a prophecy of Muhammad guiding the Arabs to conquer the Middle East.

26:23-32 I don’t believe Prophets Abraham and Isaac renamed the location to Beersheba. We don’t know which Prophet renamed the location to Beersheba.

27:1-46 these are false verses; this is a false story of Prophet Jacob stealing Esau's blessings

28:22 Prophet Jacob gave a tenth of his earnings to Allah, this is a tithe.

29:14-29 Prophet Jacob was in love with Rachel who is Laban's daughter. Laban had two daughters named Rachel and Leah. Leah was less attractive than Rachel. Prophet Jacob worked seven years for Laban to marry Rachel. Laban tricked Prophet Jacob by marrying his other daughter Leah. Bridal week was known thousands of years ago. Prophet Jacob worked another seven years to marry Rachel. Prophet Jacob worked hard to marry Rachel. Leah and Rachel looked very similar. Rachel and Leah are cousins of one another. Zilpah was a servant of Laban; Zilpah is an Arabian name.

29:30 a false verse that Prophet Jacob loved Rachel more than Leah. In Islam, Prophets love their wives equally.

29:31-35 Leah may have been hated because of her religion in Arabia that she wasn't an Israelite. Hatred by her religion because she could not conceive, the polytheists didn't accept her whereas the Israelites did. In Genesis 29:30, the verse says Leah was loved by Prophet Jacob while Rachel was loved more. That was not the reason why Leah gave birth to Reuben, Simeon, Levi, and Judah. Leah may have been excited that she had given birth to Reuben, her first son before Rachel had a son or daughter.

30:1-6 women of the Lord want to bear children. Rachel along with Sarah are examples of such.

30:11 one of Prophet Jacob's son's name is Gad. Gad is an Arabian name.

30:13 Prophet Jacob’s second son’s name is Asher. Asher is an Arabian name.

31:13 the Kaaba is referenced as a pillar in Bethel otherwise known as Mecca

32:28-32 these are false verses; this is a false story about Prophet Jacob wrestling with God and winning. The wrestle lasted from sunrise to sunset, that’s unheard of. A human cannot wrestle with God and win, this is not physically possible. The correct story is that Prophet Jacob wrestled with an Angel who came to Prophet Jacob as a man and won. Prophet Jacob’s hip was not dislocated. This story is why Prophet Jacob was renamed to Israel. The Israelites did not eat the socket of the hip in an animal after this event.

34:1-31 Shechem raped Prophet Jacob’s daughter Dinah. Two of Prophet Jacob’s sons Simeon and Levi along with Dinah’s brothers claimed that the Shechmite tribe would be allowed to join the Israelite tribe if they were circumcised. They used circumcision to weaken the tribe so they could kill the Shechmite tribe three days afterwards. Prophet Jacob took the whole village lead by Shechem the Canaanite. Prophet Jacob knew he would be hated within the land of Canaan.

35:2 Prophet Jacob tells his household to get rid of all the foreign false gods they have with them in Bethel Arabia

35:4 Prophet Jacob’s buried the false gods under an oak tree. Oak trees are known to Arabia only in the Southern part of Arabia. This matches that Prophet Jacob lived in Southern Arabia.

37:3 Prophet Joseph’s 11 brothers were jealous of him because of a robe with several colors that his father gave him.

37:9 this is a false verse of the sun, the moon, and 11 stars would bow down to Prophet Joseph. This means his mother, his father, and his 11 brothers would bow down to him.

37:20-22 these are false verses that Prophet Jacob sends Prophet Joseph. The Quran confirms that Prophet Joseph's father sent Prophet Joseph. It is false that Prophet Joseph's brothers planned to throw him into a cistern. Prophet Joseph was thrown into a well in the Quran.

37:24 this is a false verse that Prophet Joseph was thrown into a cistern. Prophet Joseph was thrown into a well in the Quran.

37:25 camels were domesticated in Arabia, not till after Alexander's reign where they domesticated which happened at least 1000 after the Exodus occurred in the Bible. Gum, balm, and myrrh were part of an Arabian trade that flourished in the 8th and 7th centuries under the Assyrian Empire. Arabia knew many false gods throughout its history.

37:28 this is a false verse that Prophet Joseph's brothers lifted Prophet Joseph out of the cistern. We don't know who the travelers were and where the travelers were from who got Prophet Joseph out of the well. Prophet Joseph was thrown into a well in the Quran. Prophet Joseph was taken out of the cistern by Midianite traders. The Midianites lived in Arabia. Prophet Joseph was sold to Midianites to the Ishmaelites for 20 pieces of silver. The Ishmaelites lived in Northern Arabia. The Ishmaelites sold Prophet Joseph to a wealthy man of Mizraim in Southern Arabia. This means Prophet Joseph was in Northern Arabia and was taken to Southern Arabia. This is similar to the Quran.

39:14 the King of Mizraim's captain named Potiphar's wife falsely claims that Prophet Joseph tried to sleep with her to make fun of the Mizraims as a way of saying their women are cheap.

39:15-22 Potiphar's wife tried to seduce Prophet Joseph; he refused her. He was falsely accused. He sat in jail, and he made the most of it by being held responsible for all in prison. This is the same as the Quran.

40:1-23 Prophet Joseph interprets a dream of the king of Mizraim. This is the same as the Quran.

41:1 the leader of Mizraim during Prophet Joseph's time title is Pharaoh, King of Mizraim. Pharaoh was not used before Prophet Moses's time for Egypt, this is confirmed in history. That means there is less reason to believe the Israelite stories took place in Egypt. What I believe is that the ruler during Prophet Joseph's time was not called Pharaoh. I believe the ruler during Prophet Moses's time name was Pharaoh not his title. We know the ruler during Prophet Moses's time name or title was Pharaoh because it is in the Quran. Whoever ruled during Prophet Joseph's time was not mentioned by name in the Quran, we don't know what the King's name was. The leader during Prophet Joseph's times title was a King in Arabia. Those who compiled the Bible mistook Pharaoh's name to mean a King, the author replaced the title of King as Pharaoh. The Israelites didn't know what the name of the King during Prophet Joseph's times name was, they would have referred to him as a King but would have provided the name. Instead, the person who complied the Bible chose to call the King during Prophet Joseph's time by what he thought was a title of a Pharaoh.

41:15 this is a false verse that Prophet Joseph's name became Zaphenath-paneah. Potipherah and Potiphar are not the same person.

41:17 the King's dream told to Prophet Joseph is the same as the Quran.

41:18 because Prophet Joseph interpreted Pharaoh's dreams, he gained a high status in Mizraim. This is the same as the Quran.

41:29-57 these are false verses claiming that Prophet Joseph used a famine to gain control of Egypt. A reason why it is false is because Prophet Joseph cannot wear gold because he is a Muslim. We don't know if the Pharaoh during Prophet Joseph's time renamed himself to Zaphenath-Paneah. Zaphenath-Paneah is an Arabian name.

42:4 we don't know if Benjamin is a Prophet or not. I doubt that Benjamin is a Prophet.

42:37 we don't know if Reuben is a Prophet or not.

46:10 Zohar is one of Simeon's sons. Zohar is an Arabian name.

46:12 Zerah is one of Judah's sons. Zerah is an Arabian name.

46:16 Zephon is one of Gad's sons. Zerah is an Arabian name.

47:11 Raamses was already a district in Mizraim in Arabia during Prophet Joseph's time

47:13-31 these are false verses that Prophet Joseph foretold of a famine in Canaan, the King of Mizraim listened. Prophet Joseph bought all the grain and favorite it to the Arabs in exchange for their land knowing the famine would strike. Prophet Joseph in the story usurped the Arabians that were

not Israelites. Usury is illegal in the Islamic faith. The Quran confirms Prophet Joseph did not usurp the people of Mizraim.

49:1-27 this is a blessing of Prophet Jacob where Judah and his descendants will be rulers, this also is a King Nebuchadnezzar II reference for seizing Jerusalem and took over Judah and ended the Prophet Davidic line in the 6th century B.C.E. A scepter used by ruling authority reference.

49:29-33 Prophet Jacob wanted to be buried in the same cave as Prophet Abraham and his wife Sarah and Prophet Isaac and his wife Rebecca.

50:1 Prophet Joseph wept because his father died. He had a tough time.

50:6 the King of Mizraim allowed for Prophet Joseph to have his father buried in the cave Prophet Joseph had requested.

50:10 Prophet Joseph mourned for seven days.

50:11 the village was renamed to Mizraim because the people of Mizraim saw Prophet Joseph's household and his brother's household mourning the event. We don't know if that is how the village of Mizraim got its name.

50:13 Prophet Jacob was buried in a cave at Machpelah.

50:20 Prophet Joseph says that his brothers intended something evil for him, God had intended good for Prophet Joseph. Prophet Joseph accomplished the good God wanted. Prophet Joseph says he has saved many lives after the good that was accomplished. Prophet Joseph may be referring to his brothers in religion, not his biological brothers here.

Book of Exodus:

1:1 Prophet Moses was the savior of the Israelites. Four out of five Books of the Torah are about Prophet Moses. The Jewish religion historically was based on the Law of Moses, Prophet Moses likely existed.

1:2 the Ancient Egyptians did a good job of keeping records of events during their time. There were no records of Prophet Moses or the Israelites. In Ancient Egypt, slavery was not common. Ancient Egyptian Kings were obese. Pharaoh meant "great house", later Egypt used Pharaoh for both "great house" and Pharaoh as a title for Ancient Egypt's Kings. In Arabia,

Pharaoh did not mean “great house”. This is less reason to believe the Exodus happened in Egypt.

1:6-7 after the time of Prophet Joseph, Mizraim was filled with Israelites.

1:8 a new King to who knew nothing about Prophet Joseph came to power in Mizraim. This is more evidence that Pharaoh is his real name, and his title is King. Also, there is more evidence that the ruler during Prophet Joseph’s time was a King. There is a tribe in Rania South Arabia called Faraons.

1:9-10 the King of Mizraim thought the Israelites would join a neighboring enemy because there were so many Israelites, he enslaved the Israelites in Mizraim. The King of Mizraim had an order that those who committed treason in the land would have all their sons slaughtered and their women married off. This means there is less reason to believe that the Exodus happened in Egypt since there never was a decree of it in Egypt.

1:11 Pithom and Raamses are located in Mizraim in Arabia. Why was the district of Raamses named before and after Exodus 1:11 in verses Genesis 47:11 and Numbers 33:3? Prophet Joseph was a Prophet in Mizraim in Arabia hundreds of years before Ramses I became King of Egypt. The district of Raamses in Mizraim in Arabia could not have been named after Ramses II of the Kingdom of Egypt.

1:14 the King of Mizraim had put the Israelites through unethical work labor. Ramesses II was known as one of the greatest leaders in the Kingdom of Egypt to this day. Many of the Temples and monuments Ramesses II built are still around today. This would mean the Muslims built the pyramids while Ramesses II built Temples and monuments which would build up the Kingdom of Egypt into a dynasty. Pharaoh who later became the King of Mizraim put the Israelites through unethical work labor. Pharaoh is the Arabic title for tribal chieftain.

1:16-18 these are false verses, the King of Mizraim did not issue the decree, Pharaoh did. The midwives responded to Pharaoh in Exodus 1:19.

1:22 Pharaoh commanded his soldiers to massacre the Israelites sons. Pharaoh viewed himself as a god and he felt he could make no error. Pharaoh gave out an order to all his people, this means all tribes and slaves of Mizraim. This is the same as the Quran.

2:1-2 Prophet Moses’s mother hid Prophet Moses from Pharaoh for three months. This is the same as the Quran.

2:4 Prophet Moses's older sister Miriam were reunited later.

2:5 this is a false verse that Prophet Moses was taken in by the Nile. We don't know what river this was in Arabia.

2:6 Prophet Moses had to be hidden from Pharaoh and Prophet Moses was found by Pharaoh's daughter and was taken in. This is the same as the Quran.

2:7 Pharaoh's daughter's name is Jehudijah. Did Pharaoh have an Arabian wife when he was the King of Egypt?

2:10 part of this verse is false, the mother took Prophet Moses to Pharaoh's daughter, and he became her son. The part of the verse that is false is that in the Quran, Prophet Moses's mother named Moses before Pharaoh's daughter found him in the river. Prophet Moses's name does not mean "to draw out of the water". Moshe or Moses means "son" in Egyptian, Moses could be another "son of god" reference. Moses means draw out or redeemer, this was his title. If this verse were correct, Moses was named after Pharaoh's daughter who is Egyptian. This would mean that Moses's name would be an Egyptian name. The leader of the Israelites would have an Israelite name, not an Egyptian name.

2:11 Prophet Moses was well known in Mizraim.

2:12-15 Prophet Moses sinned when he killed a Mizraim man who was in a fight with a Hebrew. Prophet Moses was destroyed from this; we don't know how long Prophet Moses was. Allah forgave him and lifted him up to overcome any challenge. Prophet Moses was deeply involved with Mizraim. The Ten Commandments and the Quran were not revealed yet.

2:21 Zipporah was one of Prophet Moses's wives. Zipporah is an Arabian name.

2:23 the King of Mizraim passed away. Pharaoh was not the previous King of Mizraim. Pharaoh became the King of Mizraim afterwards.

3:1 Jethro is Prophet Moses's father-in-law. In Numbers 10:29, Hobab is Prophet Moses's father-in-law.

3:5 take off your sandals, this is holy ground. This is the same as Islam.

3:8 Prophet Moses says that he has come down from the land of Midian in Northern Arabia to Mizraim in Southern Arabia to a land flowing with milk

and honey. The Sarawat Mountains in Southern Arabia are known for honey. Prophet Moses, Prophet Aaron, and the Israelites were going North in the direction of Mecca. The honey mentioned in this verse is probably date honey. Arabia is loaded with milk and honey.

3:14-15 Allah says his name forever is “I am that I am.” Our Lord’s name is Allah. Allah says to Prophet Moses "I am that I am", this is Allah’s way of saying I exist whether you know me or not. This is similar to the verse in the Quran where Allah says to Prophet Moses “it is truly I, I am Allah”.

3:15 Allah said to Prophet Moses that Allah has sent Prophet Moses to guide the Israelites.

3:19 Allah says to Prophet Moses that Pharaoh will not allow the Israelites to go to Wadi Habuna, North of Najran in Arabia.

3:22 this is a false verse about plundering.

4:4-9 the Lord gives instructions to Prophet Moses to stay away from those with infectious diseases, so they do not spread. The Torah is the earliest source humanity has of this.

4:10 Prophet Moses was a silent Prophet. There were other Prophets in Islam that were silent. Prophet Aaron was the speaking Prophet.

4:11-12 Allah makes people deaf, dumb, and blind; Allah then tells Prophet Moses he will help Prophet Moses speak and teach Prophet Moses what to say. This is the same as the Quran.

4:18 Jethro who was the father of Zipporah one of Prophet Moses’s wives was a priest.

4:19 the former Pharaoh and his leaders who wanted to kill Prophet Moses had died. Prophet Moses went back to Mizraim. We don’t know the time between when Prophet Moses left Mizraim and when Prophet Moses went back to Mizraim. I believe the span was three to eight years.

4:22-23 these are false verses where Prophet Moses tells Pharaoh that the tribes of Israel are the son of god.

4:24-26 Zipporah is not Prophet Moses’s wife, in the story, Zipporah is his virgin mother. The story claims that Zipporah circumcised Prophet Moses, this is false. This story relates to Genesis 15, both stories are mythology.

4:31 Prophet Aaron and Prophet Moses bowed down and worshipped the Lord.

5:2 Pharaoh said to Prophet Moses that he may not know the Lord if the Israelites left Mizraim. Pharaoh may have wanted to build this tower of his to try to reach our Lord, that is why he did not let the Israelites leave slavery. We don't know for sure.

5:11 this verse may be false of our Lord saying He makes people deaf and mute.

5:14 Pharaoh is trying to build using the Israelites as his slaves' using bricks does not have a name or title in the Bible we have today. The Quran states that Pharaoh wanted to build a tower to see our Lord. This is more reason to believe the Bible we have today is corrupted.

5:19 Pharaoh wanted a building built with bricks. This is the same as the Quran.

6:3 Allah says to Prophet Moses that he did not make himself fully known to the Prophets before him, this means there would be Prophets after Prophet Moses

6:15 Simeon's son is Zohar. Zohar is an Arabian name.

6:20 Amram is in the Quran. Amram is an Arabian name. Miriam's name is in the Quran. Miriam is an Arabian name.

6:21 Zikri is one of Izkhar's sons. Zikri is an Arabian name.

6:23 one of Prophet Aaron's son's name is Abihu. Abihu is an Arabian name.

6:24 Korah led the rebellion against Prophet Moses. A son of Korah's name is Abiasaph. Korah is an Arabian name. Abiasaph is an Arabian name.

6:26-27 these are the Moses and Aaron implies that there are different Moses's. This means Moses was a title.

7:1 this is a false verse that Allah told Prophet Moses that He made Prophet Moses as a god to Pharaoh. Prophet Moses was a Prophet.

7:7-10 these are false verses that Prophet Moses was 80 years old, and Prophet Aaron was 83 years old when they confronted Pharaoh. Prophet Moses and Prophet Aaron were most likely in their 50's or 60's when they confronted Pharaoh.

7:22 we would know for sure that the stories of Prophet Moses and Prophet Aaron did not happen in Egypt because the names of the Mizraim magicians would not be Egyptian had the Mizraim magicians' names had been in the stories.

8:19 the magicians tell Pharaoh that Prophet Moses used "the finger of god". There is no such concept as "the finger of god".

8:32 Faraon or Pharaoh was the term used for the Arabian ruler. It may have been his name; I think it is his name.

9:10 "Let my people go so they can worship me" -Prophet Moses. We don't know if Prophet Moses said this since Prophet Moses was a silent Prophet.

9:16 Prophet Moses told Pharaoh that our Lord raised Pharaoh up in leadership to King in Mizraim so that our Lord would show Pharaoh his power may be displayed to Pharaoh and that his name may be proclaimed all over the earth.

9:17 even after nine plagues, Pharaoh still went against the Israelites and would not the Israelites go.

10:13-14 there were four cherub Angels at the time. One had a face of a cherub, one had a face of a human, one had a face of a lion, and one had a face of a vulture.

10:19 Yam Suf does not translate to "Red Sea", it is translated to "Reed" not "Red." The land is the wasteland in Yemen of Bahr Safi in Wadi Habuna.

10:41 the locusts during the Ten Plagues of Mizraim were the biggest locusts, and there would be no locusts as big ever since the Ten Plagues of Mizraim.

11:4 Mizraim a village in South Arabia, not Egypt. We don't know why in the 3rd B.C.E. 70 Jewish scribes translated Mizraim to mean Egypt either to expand the religion or to condemn Egypt and other empires as the earth's empires as oppressors. There are no other possible theories behind it. Mizraim historically has meant a trade center in the Arabian desert, money in the Middle East is referred to by many as misari. The Mizraim soldiers led by Pharaoh who chased the Israelites were hit by a flash flood, Pharaoh and some of the Mizraim soldiers drowned from the flash flood, the flash flood had prevented soldiers from crossing to the Israelites. I want to emphasize that Allah was a tribal God, this is the best example where these

stories were never meant to be nowhere near as big as they are today. You have to take my word on this that what happened on this earth was never this big event that people would talk about for ages, the earth was always the earth. The fact that there are no documents of this alleged colossal event tells you that these stories were small and were not intended to be widespread that's why we know Polytheism will come back since there are endless documents, libraires lost, people will become so smart they will overthink life's meaning. Take for instance Christ, barely anyone knew him. That's why when Prophet Muhammad came and said this is your faith it confused people that Allah took an idea, and it grew and grew into a dynasty.

11:8 Prophet Moses got angry with Pharaoh and walked out.

12:1-30 because the Hebrews put blood on their doors, the Lord had "passed over" the Hebrews firstborn sons. It was to be observed as remembrance of the Lord. Mizraim was polytheistic. Charoset is eaten on Jewish holidays. Charoset has dates in it. Dates are the most remembered food in Islam. Jews cannot eat any breast with yeast in it. The Israelites had to eat matzo bread during the Exodus. Allah says he will bring judgement on all the false gods of Mizraim.

12:37 this is a false verse of 600,000 Israelite slaves in Mizraim. 600,000 slaves cannot build the pyramids in Egypt. There is no evidence slaves had built the pyramids in Egypt. The Bible doesn't mention pyramids by name. The ancient Egyptian word for pyramid is "mer". Mizraim did not have pyramids.

12:40-41 if the Israelites were enslaved in Mizraim for 430 years before the Exodus, this would mean the Prophets Prophet Abraham, Isaac, and Ishmael far exceed 100 years of living, this means this verse is false. The pyramids in Egypt were built before 3000 B.C.E., that is well before Prophet Abraham who lived between 2100 B.C.E. and 1800 B.C.E. Were the Israelites enslaved for 400 years in Genesis 15:13 or 430 years?

12:46 this is part of the story that none of the Israelite's bones were broken during Exodus, this is not a prophecy of the Messiah.

13:2 consecrate every male firstborn along with any animal to the Lord

13:7 Philistine in Biblical Hebrew means invader. This is not the name of the tribe that fought the Israelites in Arabia. Philistine is also found in

Judges 14:3 and 1 Samuel 13:9-20. I believe these were two separate tribes in Arabia.

13:18 it may have been called the Red Sea because it was there the plague of water turning to blood.

13:37 there were 600,000 total Israelites that were with Prophet Moses, the number is incorrect.

14:2 the Israelites wanted to leave Mizraim and go to Central Arabia. Pharaoh and his Egyptian forces wanted the Israelites to go to Northern Arabia, Pharaoh and his forces were concerned that if the Israelites went to Central Arabia, the Israelites would run Arabia the Israelites went to Central Arabia. The Israelites went towards Central Arabia, Pharaoh and his forces blocked the Israelites from entering Central Arabia. Pharaoh and his forces were destroyed by a flash flood. This is the same as the Quran.

14:4 Allah promised he would harden Pharaoh's heart. Allah also promised the Israelites that Pharaoh will pursue the Israelites, and that Allah would get glory over the Pharaoh.

14:30 the flood that took place in Wadi Habuna left Pharaoh and his Egyptian forces lying on the edges of the desert of Bahr Safi in Arabia after the flood waters had receded. The Biblical Hebrew translation is Bahr Safi, not Red Sea. The desert of Bahr Safi in Arabia is where Pharaoh and his Egyptian forces are.

15:1 Prophet Moses wrote The Song of Moses

15:2 the Lord is my strength and my song, that's why Muslims go to a sermon hearing an Imam yell, pray and then go out and fight. What our Lord is doing is boosting them up and getting them ready for battle.

15:3 this is a false verse; our Lord is not a man of war.

15:20 Miriam the sister of Prophet Moses is not a Prophetess; no such concept exists.

15:22 Prophet Moses went into the desert of Shur. Prophet Moses was not his actual name. Prophet Moses brought the tribes of Israel together; he was their redeemer. The name Prophet Moses means redeemer which if found in the Book of Psalms, it was his title, that's why we cannot find any evidence for him existing.

15:27 this verse is about date palm trees. Date palm trees are known to Arabia.

16:1-35 food came from Paradise for the Israelites when they were led by Prophet Moses and Prophet Aaron called Manna. The Lord said he would rain bread down from Paradise. The food was white like coriander seed. The food tasted like wafers with honey. We don't know its shape. It This lasted for 40 years until the Israelites reached Mecca. This is the same as the Quran.

17:4 Prophet Moses cried out to the Lord.

17:7 the location of the Rock of Horeb was named Massah and Meribah by Prophet Moses. Meribah is an Arabic word.

17:14 God promises Prophet Moses that Amalek would no longer be remembered. This is correct. Prophet Moses wrote down on a scroll that the Amalekites would be defeated and would not be remembered in history.

18:1 the Midianites during Prophet Jethro's time could be from Cush which is Ethiopia where they had migrated to Midian. We are not certain of this.

18:2-4 Prophet Moses had two sons with his wife Zipporah named Gershom and Eliezer. Prophet Moses's sons were not part of the Exodus.

18:9-12 Prophet Jethro is the father-in-law of Prophet Moses of his daughter Zipporah. Prophet Moses learned under Prophet Jethro the Israelite faith, not under Pharaoh when Prophet Moses lived with Pharaoh's daughter which is taught in religious schools. Prophet Jethro is in the Quran. Jethro is an Arabian name.

18:21 look for men who fear Allah, don't take a bribe, and are trustworthy. This is the same as the Quran to fear Allah.

18:22 the man who finds a wife finds a treasure. A man who has a wife has favor from the Lord.

19:5 Allah says to the Israelites that if they obey him in fully and keep his covenant, then they are his treasured possession of all the nations. Allah says the whole world is his. This is the same as the Quran.

19:16-20 Mount Sinai and Mount Zion are the same. The Sinai Peninsula does not have mountains that are volcanic.

20:1-21 there are two Ten Commandments this is the first Ten Commandments, one of them is most likely all right and the other one is all wrong nobody knows. The Sabbath is observed from Friday evening to Saturday even in the Old Testament we have today. This is similar to Islam where the Holy day in Islam is Friday. Honor thy father and mother is beneficial to this day. Honor thy father and mother is carried over in the Quran. At the time, the Ten Commandments were ordained for the ancient Israelites. It was then replaced with a different set of laws for a different era. All Jews and Christians talk about the Ten Commandments as a tenant of their faith. The Ten Commandments aren’t a tenant in faith in Islam. Jews and Christians believe Islam is incorrect because of it, they are wrong about this. The Biblical Hebrew translates in several different ways, one being “The Ten Words.” The Ten Commandments came about in 1611 with the King James version of the Bible. This means “The Ten Words” was upgraded to mean something much more than what they were.

21:10 multiple wives are permitted; there’s no limit on how many you can have. In all the earth, a King was judged based on how many wives he had.

21:22-25 there are fines in Judaism if a pregnant woman has a miscarriage due to an accidental fault of another person.

21:24-27 eye for an eye, tooth for a tooth punishment. This was done to end revenge on entire neighborhoods for lost property. Also, rules against hitting slaves, this is personal protection for slaves with rights. Eye for an eye could also be metaphorical to mean treating everyone right.

22:16-17 this is the old law. Because she is not a virgin, you don't have to pay him. Her father does not want to hand her over to you because she is not ready for marriage.

22:2-3 if a thief breaks into a house, there is no penalty for beating the thief to death. But it cannot be after sunrise.

22:20 whoever sacrifices to another god must be destroyed. This is submission to our Lord.

22:30 you cannot eat from any flesh from a field that is torn.

23:1-9 do not spread false reports, don't follow the crowd, don't deny justice; do not accept a bribe. Do not put an innocent or honest person to death, the world needs that value for sure. Prophet Muhammad also taught most men will lead you astray.

23:10-12 Sabbath Laws including the donkey's right to rest.

24:9-11 these are false verses, Prophet Aaron, Nadab, Abihu, and the 70 elders did not go up to Mount Sinai with Prophet Moses. The Book of Exodus doesn’t make mention that the 70 elders were destroyed by an earthquake which is in the Quran. Exodus 2:11 says the opposite.

24:18 Prophet Moses stayed on top of Mount Sinai for 40 days and 40 nights when he spoke to our Lord. This is the same as the Quran.

25:10-22 the Ark of the Covenant. Prophet Moses was instructed to build cherub Angels made of gold around the Ark of the Covenant.

25:30 if priests guarded Prophet Moses at the Tabernacle, Prophet Moses may have been a high priest before he was a Prophet and the leader of the Ancient Israelites.

25:31-40 the menorah

28:30 Prophet Aaron was appointed by our Lord to make decisions over the Israelites.

28:34-35 these are false verses that entering a holy place without a golden bell and a pomegranate can result in death. The Israelite men didn’t wear gold.

29:38-42 we don’t know if the lamb sacrifice for Passover a way of the Israelites is of sacrificing the people of Mizraim’s false lamb god. Passover and Ramadan are on the same holy month.

30:13 a half of a sheckle to give to Sulaiman’s Temple. The image of a date palm was etched onto the Israelite currency. Date palms are known best to Arabia.

30:22-33 anointing oil

30:34-38 frankincense is mentioned during the Exodus. Frankincense started in Southern Arabia

31:12-17 must rest on the Sabbath including no cooking, any work at all and they are to be cut off from the people, the death penalty for violating it. The Sabbath was made a sign forever. Jumu’ah is the sign forever for Muslims.

32:1 Prophet Aaron did not build the golden calf; Prophet Aaron tried his best to stop the construction of it. The Levites sided with Allah and killed

many Hebrews for worshipping the golden calf who had orgies while worshiping it. In Judaism, the worship of the golden calf is the greatest sin, this is the same as Islam where the greatest sin is shirk. The Levites later joined Prophet Moses. The tablets of the Ten Commandments are written on the front and the back of them.

32:19 this is a false verse; Prophet Moses threw the Ten Commandments. The Ten Commandments did not break into pieces. This is similar to Islam.

33:19 our Lord is known for his mercy and compassion in the Book of Exodus. This is the same as Islam.

32:20 Prophet Moses burned the golden calf in a fire. The second part of the verse is false that Prophet Moses grounded the golden calf into powder, scattered it on the water and made the Israelites drink the powder.

32:21-23 our Lord asked Prophet Aaron what caused the Israelites to worship the golden calf. Prophet Aaron told our Lord not to be angry and that the Israelites were prone to evil. Prophet Aaron told our Lord that the Israelites asked him to make them into gods.

32:24 this is a false verse that Prophet Aaron told the Israelites to burn their gold. The second part of the verse may have happened that the fire of the burning bush turned the gold jewelry that the Israelites had into the golden calf.

32:31-33 these are false verses that our Lord told Prophet Moses that those worshipped the golden calf would be punished in the Hereafter. In the Quran, the Israelites who worshipped the golden calf were forgiven.

33:20 Allah says none can see his face or else they would die from it probably from complete shock. My question to Christians is, how come all the Israelites saw their god in person, but they were not blown away and they had barely documented it?

33:24-25 the oil that the Israelites used could be an oil field used today in Northern Yemen.

34:7 this is a false verse that a fathers sins go to the next four generations of his descendants

34:8 Prophet Moses bowed his face to the ground to worship the Lord

34:10-28 this is the second Ten Commandments

34:28 we will never know if Prophet Moses went 40 days and 40 nights without eating or drinking when he made the tablets of the Ten Commandments. I doubt this. I believe the tablets took a few days at most to make.

34:29-35 Prophet Moses was said to have a shinning face, if it did shine, it wasn't that bright, it was noticeable. Prophet Moses used to wear a veil to cover his face from the Israelites. Prophet Moses would remove his veil when he spoke to Allah.

35:3 no fire can be lit on the Sabbath

38:8 Pharaoh had a sword. Swords in Arabia are called scimitars and are known for over 1,000 years. The Ancient Egyptians used khopeshs, khopeshs are not swords.

39:31 the high priests crown was attached to a turban. Prophet Muhammad wore a turban.

Book of Leviticus:

1:1 I do not believe Prophet Moses compiled the Torah we have today.

2:1-2 frankincense is mentioned in these verses

3:17 the previous law was that an Israelite cannot eat fat or blood of a dead animal. The Quran has the same law that a Muslim cannot eat the blood of a dead animal.

4:20-35 Allah instructs Prophet Moses to tell the Israelites that sacrificing an animal is an atonement of sins.

10:1-3 we don't know if the two priests Nadab and Abihu were consumed by fire for offering incense before the alter, the law states this in Exodus 30:9. These were the two priests that were claimed to go to Mount Sinai with Prophets Moses and Aaron in Exodus 24:9. Prophet Moses told Prophet Aaron not to mourn the two priests deaths with Scripture that cannot be found in the Old Testament we have today of our Lord speaking to Prophet Moses telling Prophet Moses not to mourn the two priests death.

10:9-10 no shellfish allowed, this was not punished by death

11:4-6 Jews cannot eat camel and rabbits. In Islam, eating camel and rabbit meat is allowed. Either these verses were updated to be allowed, or these are false verses.

11:7-8 Jews cannot eat pig. This is the same as Islam.

11:20-21 all winged creatures with claws cannot be eaten. There must have been four legged winged creatures thousands of years ago. You cannot eat insects since they have from 6 to 8 legs. This is the same as the Quran.

12:1-8 the period of purification for a son is one week, for a daughter is two weeks.

15:1-15 bathing requirements for discharge, just like the Islamic hadiths

15:16-17 whoever has a wet dream or leaves behind in his clothes, everything must be washed until evening.

16:6-9 these are false verses of Prophet Aaron sacrificing a goat to our Lord and sacrificing a goat to the false god azazel.

16:15-17 this is our Lord speaking to Prophet Moses about animal slaughter for forgiveness of sins. The animals listed in these verses is a goat and a bull. This is not a prophecy of the Messiah. Two goats and a lamb were sacrificed for the Day of Atonement. This gives less reason to believe that Jesus is the “lamb of god who takes away the sins of the world”.

16:29 Yom Kippur

18:5 Allah tells the Israelites to keep his decrees and his laws and to obey them, the Israelites who obey his laws will live by them. This is the same as the Quran.

18:9 this verse means Prophet Ibrahim could not marry a half-sister, so this means the account was false, the story comes from west Arabian mythology about a god and his wife

18:19 you shall not approach a woman who is in her menstrual cycle, same as in Islam.

18:21 The Israelites were condemned by Allah for sacrificing their kids to the false god. This means Prophet Abraham did not attempt to sacrifice his son Isaac to Allah. That would make Prophet Abraham a sinner which

Prophet Abraham wasn’t. Prophet Abraham was a Prophet of Allah making him sinless. This verse also means abortion is banned.

19:4 the Israelites were warned frequently not to turn to idols which is polytheism. That is why many of the Prophets were rejected by many of the Israelites.

19:11 you shall not lie to others, one if not my favorite laws of all. Both Christianity and Islam ban lying and lying is seen as a major sin in both. Instead of having a law banning lying, lying had become a major sin.

19:15 never be partial in court, this is needed in society.

19:26-27 no gossip allowed and don't trim your beard.

19:28 No tattoos are allowed. Not having tattoos is the same as Sunni Islam but not Shia Islam found in the hadith. If you cannot have tattoos on this earth, no one can have a single tattoo in Paradise. I don’t know why so many Christians I meet have tattoos, I guess the Christians are thinking old law verses new law? Between all the verses that Christians do not go by, I don’t think that Christians go by any of the Old Testament, except for the Ten Commandments which it seems that all Christians think carries over to their beliefs. It’s another concept I don’t agree with in Christianity. Yet Christians will tell every story in the Old Testament and defend them if need be. To be fair, us Muslims have no claim over the Old Testament either, most if not all Muslims do not apply laws from the Old Testament nor even care about the Bible, Muslims only read the Bible to confirm the Quran. Keep in mind though, the Quran is not called the Bible, the Bible means both the Old Testament and the false gospel. To me, that is another concept I don’t agree with in Christianity.

19:29 there were going to be prostitutes, but people had to be taught not to do these kinds of actions.

19:32 stand up in the presence of the aged. In England, the judge would carry a Bible to royal court. This is where the concept of all rise before the judge comes from.

19:35-36 sell products that the public would want to buy.

20:10-12 the adultery laws here are the same as the hadiths.

20:18 an Israelite man cannot have sexual intercourse with a woman during her period. This is the same as the Quran.

20:27 there is a death penalty for a medium and a necromancer. There is no such thing as a medium.

21:10 the chief priest cannot tear his clothes.

21:13-14 the priest was required to marry a virgin from the Israelite tribe.

23:23-25 Rosh Hashanah was to celebrate the new year. This may have been the origin of celebrating the beginning of the new year. Historically, many Jewish communities ate date fruits during Rosh Hashanah.

23:37 Yom Kippur is to be a day of rest.

24:13-16 blasphemy death sentence law.

25:18 Allah tells the Israelites through Prophet Moses to follow his decrees and obey his laws and they will live safely in the land. This is the same as the Quran.

25:23 our Lord says to Prophet Moses that the land of Ancient Israel is His land and cannot be sold. The Israelites live in the land of Ancient Israel as foreigners.

25:55 we are servants of God. This is the same as Islam.

26:1 make neither idols nor graven images to bow down to. In most Churches, there are idols of Prophet Jesus.

26:2 Keep my Sabbaths and show deep respect for houses of worship.

26:29 this is a false verse that our Lord told the Israelite that they would eat the flesh of their sons and daughters if they do not listen to him.

Book of Numbers:

1:5 Shedeur was a member of the house of Reuben, He was the father of Elizur. Zur is an Arabian name.

12:1 we don't know if Prophet Moses was criticized by Miriam and Prophet Aaron for marrying a woman from Midian in Arabia because Prophet Moses was from Mizraim in Arabia, this would mean Miriam and Prophet Aaron found out the woman Prophet Moses married was from Cush after the Book of Exodus took place. This is why I believe the woman Prophet Moses married from Cush was not Zipporah. We don't know if this woman was from Ethiopia and moved to Midian during Prophet Moses's time, it seems likely she was a Midianite from Ethiopia meaning Cushite lived in Ethiopia and moved to Midian in Arabia. We don't know if the woman in this verse is

describing Zipporah from the land of Cush or if is another woman from the land of Cush that Prophet Moses married in Midian while he was in Midian in Arabia. Prophet Moses got criticized for marrying a Cushite woman from Ethiopia of darker skin, this means the Israelites were light skinned. This means interracial marriages are allowed. Prophet Moses married a Cushite woman before the Book of Deuteronomy was revealed.

12:2-10 Prophet Moses was a very humble man. If you see a Prophet, it is because the Lord has made himself known. Allah speaks in dreams. This is the same as Islam.

13:32 giants known as Nephilim. Nephilim were a form of jinn. The Book of Enoch also makes mention of this. The Book of Numbers comes after the Book of Genesis which means that the Book of Numbers happened after the Flood. This means the Flood did not wipe out the world since there were Nephilim after the Flood and there were no Nephilim on Noah’s Ark.

13:33 the giants the Ancient Israelites encountered were very aggressive.

14:8 the land of milk and honey.

14:18 the Lord is slow to anger, abounding in love and forgiving sin and rebellion. He does not leave the guilty unpunished; he punishes the children for the sin of the parents to the third and fourth generation.

15:32-36 the man was cheating the Sabbath; he was sentenced to death.

16:1 Abiram is a son of Eliab from the tribe of Reuben. Eliab is an Arabian name. Abiram is an Arabian name.

16:2-50 Korah asked Prophet Moses why Prophet Moses was a higher ranking than Korah. Prophet Moses told Korah and his 250 followers that there would be a test with incense. The area where they were split open and fire from high above consumed Korah and his 250 followers. This was because Korah and his 250 followers challenged the Lord. The rebellion of Korah is the same in the Quran.

17:8 Prophet Aaron's staff grew flowers on it and produced almonds. This is one verse in Numbers 17, not the chapter Numbers 17.

18:7 any outsider who was near the sanctuary was to be put to death.

18:31 there are 2,300 verses in the Bible about earning wages.

19:1-10 the red heifer was sacrificed outside of the camp. The red heifer sacrifice was not a prophecy.

20:1-11 The Israelites complained that there were no grains, figs, grapevines, pomegranates, or water to drink. Prophet Moses and Prophet Aaron put their faces on the ground. Prophet Moses hit the stone twice with his staff, water came gushing from it. The Israelites and the animals drank from the water. Also, the Rock of Horeb. This is the same as the Quran.

20:12 this is a false verse that Prophets Moses and Aaron did not show the Israelites that the power came from Allah. The false verse states that Allah said to Prophet Moses and Prophet Aaron that they could not enter the Promised Land of Mecca in Arabia. That Prophets Moses and Aaron did not believe in Allah. This would have been right after Prophet Moses had done a miracle for the Israelites through the ability Allah gave him.

21:1 Atharim was a road in Canaan that Prophets Moses and Aaron led the Israelites on to enter Mecca in Arabia. The road Atharim is Arabian.

21:4-9 these are false verses that our Lord sent poisonous snakes to the Israelites. Our Lord did not send a poisonous snake on a pole that anyone who was bitten by a poisonous snake would have no more poison from the snake in them.

21:12 the Zered Valley is in Canaan in Arabia. The Zered Valley is a valley in Arabia.

21:14 Book of Wars of the Lord reference

22:1-20 these are false verses that Balak the King of Moab and Prophet Balaam cursed Ancient Israel because Balak was afraid that the Israelites would destroy the Moabites after the Israelites defeated the Amorites and that Prophet Balaam’s prayers turned into blessings for the Israelites.

22:21 donkeys can talk through our Lord. The donkey told Balaam to stop; Balaam did not see the Angel. Balaam had thought that the donkey was disobedient, but the Angel told him otherwise.

22:23 the Angel blocked the path of Balaam and his donkey

22:31 Prophet Balaam saw the Angel standing in the road with his sword drawn. Prophet Balaam bowed low and fell on the ground on his face. This is prostration. This is the same as Islam.

23:14 the Field of Zophim is a mountain range in Moab in Southern Arabia. The Field of Zophim is in Arabia.

23:18 Balak is Zippor’s son. Zippor is an Arabian name.

23:19 our Lord is not a human. This means no man can claim to be our Lord. Our Lord is not a man that he should lie. This is the same as Islam where our Lord tells the truth always. Our Lord does not change his mind.

24:8 this is a false verse that is metaphorical of our Lord having horns like an ox.

24:15 Elyon, El Shaddai, and Yahweh three tribal gods became one nation. Yahweh means “He”; Yahweh is not Allah's name. Yahweh Elohim means "He is Allah". Yahweh is an Arabian word. Allah is called He in the Quran. Yahweh and He means the same in the Bible we have today and the Quran. Both the Bible we have today, and the Quran know our Lord as He.

24:17 the star referenced in this verse is most likely Halley’s Comet. The prophecy says that the Prophet in the verse will destroy the people of Moab and will strike down the sons of Sheth.

25:1-8 Phineas a priest slayed the Israelite men and the Moab women who they had sex with and had worshipped their false gods in Shittim.

25:9 this is a false verse that 24,000 died from a plague that was sent for marrying foreign women and for worshipping their false god’s.

25:10-13 our Lord spoke to Prophet Moses to commend Phineas

25:14 Zimri was the son of Salu, Salu was a leader of the Simeonite family. Zimri is in the Quran. Zimri is an Arabian name.

25:15 Kozbi is the daughter of Zur. Zur was a tribal chief of Midian. Zur is an Arabian name.

26:35 the Sutela clan known as the Sude became the people of the Chud which is Northwest Russian

26:48 the Jahzeelite clan, Jahzeel was one of the 70 people to migrate to Mizraim, this is Arabian. There are 15 names in the Bible that have jah in it, why are there so many names with jah in them if Palestine and Arabia are far apart?

27:8 son gets inheritance, then daughter, brother, father's brothers, nearest relative.

30:2 do not break your word, fulfill a promise

31:8 the five Kings of Midian are Evi, Rekem, Zur, Hur, and Reba. These names are Arabian.

31:17-18 save for yourself every girl meaning as young as puberty. This wouldn’t be what the Israelites did in battle. The Israelites had to follow the Sharia when fighting led by Prophets Prophet Moses and Prophet Aaron.

31:29 part of the share of the spoils of war went to Eleazar the high priest. Instead of the spoils going to the high priest, the shares went to the Prophet Muhammad who was the first Caliph, a political-religious leader.

31:35 this is a false verse that 32,000 virgin women were set aside for the Israelites

31:40 this is a false verse that 32 people were sacrificed

33:2 Prophet Moses wrote about some of the Israelite’s journeys in the Book of Exodus. Much of it is lost. This doesn’t mean Prophet Moses compiled the Torah we have today.

33:3 the Israelites left the district of Raamses in Mizraim in Arabia on the fifteenth day of Passover. The Israelites marched out defiantly in view of all the people of Mizraim.

33:9 date palm trees are referenced in this verse. Date palm trees are known to Arabia.

33:27-28 there was a village called Terah in Arabia that the Israelites passed through during Exodus. Terah may have been the name of a leader of a tribe in Arabia.

33:33-34 the Israelites are instructed by Prophet Moses that if they have innocent bloodshed in the land of Israel Arabia, they will be kicked out of the land. This is not the reason why the Israelites were kicked out of the land during Herod's Temple's time nor was it because Jeshu was crucified. It was because they were fighting the Romans when the Israelites were not supposed to. Also, these verses were during the time of ancient Israel in Arabia, not later in Palestine. One would have to claim the Law of Prophet Moses applies to all land that the Israelites have ever been in before the law was updated through Prophet Isa through the true Gospel and the Quran through Prophet Muhammad. I would like to add that Prophet Isa may have added to Scripture in the true Gospel that the Israelites would not be kicked out of the land of Israel in Arabia for innocent bloodshed that there would be a different punishment for innocent bloodshed. During Prophet Isa's time, the Israelites were tribes in Arabia and were a nation Palestine. We will never know if the Law of Prophet Moses applied or not after Prophet Moses's time.

33:38 Prophet Aaron died in Mount Horeb, in Deuteronomy 10:6 Prophet Aaron died in Moshera either these are the same locations, there was either two Prophet Aaron's, or the Israelites recorded the place of Prophet Aaron's death wrong. I think these are two different Prophet Aarons, one not being the Prophet Aaron. Another example here is how the Israelites went to Zalmonah and Punon after Prophet Aaron's death, in Deuteronomy 10:6-7 the Israelites went to Gudgoah and Jothbath.

33:39 this is a false verse that Prophet Aaron lived until age 123 years old. In Genesis 6:3, people do not live past age 120.

33:52 our Lord tells Prophet Moses to tell the Israelites to drive all the idols our of the land of Canaan. This is the same as the Quran.

34:1 Prophet Abraham's Promised Land boundaries

34:5 this is another reference to the wadi of Mizraim which was translated differently to the Brook of Egypt.

Book of Deuteronomy:

1:3 there is no story in the Old Testament we have today that is mythological.

1:28 Prophet Moses had encountered Nephilim.

1:37 this is a false verse. Prophet Moses ended his Prophethood in Canaan or known as Mecca in Arabia.

1:46 Kadesh is one of two locations in Southern Arabia. Kadesh is one, Kadesh Barnea is another. Kadesh is a mountain called Kuds in Yemen.

2:10-11 there were many giants called Emim during the time of Prophet Moses in Southern Arabia.

2:20-21 there were many giants in the land of Amon during the time of Prophet Moses in Southern Arabia called Zamzummim. Zamzummim is the same as the giants called Zuzim found in Genesis 14:5. There is no connection to the giants called Zamzummim and the Zamzam water, however the words are very similar.

3:11 this is a false verse that the King of Bashan named Og had a bed that was 13 feet tall and 6 feet wide. This means the King of Bashan was a giant who was probably 12 feet tall and over 400 pounds. Giants were 9 feet tall and weighed 350 pounds.

3:13 the King of Bashan was a Rephaim

3:22 do not be afraid of their chariots, the Lord fights for you.

3:26-29 these three verses are false. Our Lord did not prevent Prophet Moses from entering the Promised Land.

4:2 this addresses the Arabs that they are not to add a verse that was commanded from them or remove a verse. They added mythology to the bible.

4:21 this is a false verse that Prophet Moses was promised by our Lord that he could not enter Canaan.

4:29 Prophet Moses says to seek the Lord your God and you will find him with all your heart and all your soul.

4:35 besides Him, there is no other God. This is Shahada.

4:39 this is Shahada.

5:1-32 the Ten Commandments. God reminds the Israelites that He took them out of the land they were in on several occasions with the Prophets.

6:1-3 love Allah with all your heart so that your children will fear Allah. Hear, Israel, and be careful to obey so that it may go well with you and that you may increase greatly in a land following in milk and honey just as the Lord, the God of your ancestors, promised you.

6:4 The Lord is One declared to Israel by Prophet Moses. This is the same as the Quran. This was the message declared by Prophet Muhammad to confirm one God which is our Lord Allah. Prophet Moses preached God is one near the Jordan in Southern Arabia during the Book of Exodus. Prophet Muhammad preached God is one in Mecca and Medina in Northern Arabia during the Quran being revealed. Prophet Moses and Prophet Muhammad told this to around number of Israelite followers in the hundreds.

6:6-9 Prophet Moses tells the Israelites to tell and to display to others about their Islamic faith. This is the same as the Quran.

6:10-25 fear Allah. Do not put Allah to the test. Teach religion to your children again and again the same is done with Quran recitation.

7:3-4 do not marry those of other religions from other tribes. This does not apply to slave women.

7:6 for you are both high in character and special. This is why all people believe they are special, something you cannot opt out of. This means life is sacred. This is exactly what Prophet Muhammad did with his followers convincing them that they were elite in some way and that they would always be victorious in Arabia provided they did exactly as he had asked. When Prophet Muhammad’s followers walked around Arabia in public, they walked around as if they were the best the world could possibly offer for the polytheists in public to see.

7:7-8 Prophet Moses tells the Israelites they were not chosen on the belief they were the biggest nation at the time, the Israelites were the fewest at the time. This means the Israelites during Exodus was a tribe. The Israelites

were chosen because the Lord kept His oath to the Israelites ancestors that they would be delivered from Pharaoh of Mizraim. There is more reason to believe Pharaoh is his name because the verse says Pharaoh King of Mizraim. Is Pharaoh's title "Pharaoh, King of Egypt"?

7:9 Allah is the faithful God; this is a way of saying Allah is true to his word.

7:13 this is a false verse. God would not reward the Israelites by increasing wine.

7:23-24 their Kings will serve you, you will destroy each nation.

8:7-8 date palms are one of the Seven Spices of the Israelites

8:11 be careful that you do not forget to observe the Lord thy God, failing to observe his laws and decrees. If you don't, you will not believe.

9:1 the giants had fathers that were giants.

9:3 Allah says he will destroy Canaan.

9:5 Canaan is described as wicked. Prophet Moses says it is not because of Israel's righteousness why they get the land. There was an Arabian tribe called during the time of Prophet Muhammad called Kinana near Mecca which means that the same as Canaan.

10:17 the lord of lords is false. Our Lord is an awesome God.

10:19 love those who are your neighboring countries.

11:6 Abiram was part of the revolt against Prophet Moses, Abiram's name is an Arabian name.

11:9 the land of milk and honey

12:21 commanded to slaughter from your herd and your flock.

13:1-18 destroy all false gods, stone those who secretly invites you to worship them. This is to keep people safe from worshipping a false god who sacrificed infants.

14:1 the beginning of the verse is false claiming that we are children of god, this is not the same as the Quran which refers to the ancient Israelites as the children of Israel. The early Muslims thought this meant the highest authority was the closest to god hence Ezra being called the son of god. This ties into Jeshu claiming to be the only "son of god." Does Jeshu have to

be the only “son of god”, or is it a requirement to be a “son of god” to be the Messiah?

14:2 Israelites were chosen to be the holy people of the earth. This verse is out of date, now anyone can easily convert to Islam, what was once for a section of Arabia became a dynasty to think these Arabs got it right. This is the same as the Quran.

14:8 Muslims cannot eat pork; swine is unclean because of the way it chews.

14:22-29 the tithe is 1/10th of your salary a year going to charity. Abrahamic faiths speak of the Prophets speaking directly to individuals teaching the individuals to give back to the poor, not for governments to redistribute wealth to the poor.

15:4-5 these verses are not saying there will never be poor people who accept Allah’s religion in the land but that if you listen to the Lord, you will never be poor, that statement I obviously agree with.

15:6 Jews believe that Prophet Moses was explaining many nations will serve Jews; the problem with this is that nations were blessed during Sulaiman's Temple. This has already expired with Prophet Moses entering the Holy Land known as Mecca. This verse isn’t a prophecy or a guidebook on how the religious people are to live, look at Christianity and Islam, the Prophets in both religions are lower class, they weren’t rich by any means.

15:11 the poor will always be in the land. I know that is too easy to prophesy but the reason why I write on this is because there is always charity to be given, your time will always be valuable.

15:12 some Israelites were initially Hebrew. The Israelites were united from tribes to create the Israelites. This is also shown in Deuteronomy 26:5 where other Israelites were Arameans.

16:18-20 appoint judges, do not show bias, or show favoritism. Pursue justice and justice alone as a Muslim.

16:21-22 do not create any place of Canaanite worship for your own will. Asherah the false goddess is found in South Arabia known as Amm before Allah revealed the Quran.

17:8-13 let me ask you something, has it ever happened in the history of America where a court case had to be taken to a higher court? Either there

was too much money involved or that they wanted to get the ruling correct. Where do you think America got the idea from? You also couldn't mock a judge. You can't do that today; they will give you a higher sentence.

17:16-17 these are false verses where a King cannot possess many wives, horses, and silver. All men were permitted multiple wives. I believe these verses were added after Prophet Sulaiman was said to have seven hundred wives, the most amount of gold and silver, and said to have worshipped idols.

18:10-12 whoever practices witchcraft and spells, do not let them speak to the dead, the Lord drives the demons out presumably the Heavens, this is the same as the Quran.

18:15-19 the Israelites were in Arabia, Prophet Moses is mentioned the most in the Quran in which he raised Muhammad to be a Prophet. Muhammad is a Prophet because he always had a following. Prophet Muhammad spoke of the Quran which was directly from our Lord. People embrace Islam learning Islam from a Prophet. Prophet Moses had followers despite many hating him for defying Pharaoh. Over time, Prophet Moses's followers had increased because people trusted what he was doing but at the time Prophet Moses had 500 Israelites. It starts small and then it grows. A prophet like me, Prophet Moses and Muhammad both had a small following that grew. Both had started from backgrounds of low status. Both were orphans. Both were leaders in wars. Both had multiple wives, both had kids. Prophet Moses is the most mentioned Prophet in the Quran.

18:20 any false Prophet that does actions outside of what our Lord has commanded in the Torah or is speaks in the name of false gods is to be executed. None of Prophet Muhammad's actions contradicted the teachings of the Torah we have today.

18:21-22 a false Prophet is one whose words do not come true.

19:11 the death penalty

19:15-19 It took two witnesses to convict someone. If someone was guilty of false testimony, they would receive that same punishment for them.

20:1-18 make your own peace with your enemies. If they do not accept then slaughter every last one of them as the Lord has commanded, you or they will cause you to worship their god and will cause you to betray your Lord.

You may take their women and children as plunder which means turn them against other nations.

21:10-14 slave women can be married. The slave woman’s hair would need to be shaved along with her nails trimmed. After a month, she can be married. The Israelite can divorce her. She cannot be sold or treated as a slave because she has been dishonored.

21:15-17 the man must give double of his share to his firstborn of two wives regardless of if he does not love the wife who bares him that child.

21:18-21 The Muslims could not have any rebels; they could not have any defectors. If kids were stubborn disobedient to their parents, they had to die to keep Israel safe. This was after discipline and many efforts to get the kid to listen. Now we just let them go and hope they come back. All the other Muslims had to learn that you do not rebel against society. They let the kid leave. I'm not sure how many kids had this punishment, there may have only been a few out of millions. The Muslims were under Christian laws, after the year 330, the courts will not do that to the kid.

21:22 this is a reference to lynching as a form of capital punishment. A person who was lynched and is hanging is under Allah’s curse. To me, this is proof that there is some sort of truth or law to life that when a crime was serious enough, this was the only solution. People may disavow the practice of lynching, but it could always be in many humans’ minds as a last resort for justice to be served.

21:23 this is false verse that God has a curse. This is the only verse in the Old Testament we have today of God having a curse. The land of Northern Arabia was not to be desecrated.

22:5 men cannot wear women's garments or women wearing men's garments

22:10 you cannot plow with a donkey and an ox together.

22:28-29 the most discussed verses in the entire Old Testament, back then women were viewed as property. If you raped the girl, she would become your property, and the punishment was marriage for life. This was taken away because someone can bore in wedlock, in Islam it is banned meaning the law was added in.

23:2 no one born from an illegitimate marriage may enter a Synagogue up to his or her tenth generation. This may have been updated in Christianity and Islam where anyone is allowed in a Church or a Mosque. Or this may have been for someone who didn't convert to the faith where they would not be allowed to be inside a Synagogue if they were born outside of marriage, once they converted to Islam, they were allowed in without any issues. Also, do not ever use the word "bastard" to describe someone born of an illegitimate marriage, take my word on this one. If you must, change the subject immediately to avoid any chance of a conversation about it.

23:7 an Edomite is a brother, that means all are welcome in the faith

23:15-16 slave protection laws against unfair masters

23:19-20 the Israelites could not take interest from other Israelites. Israelites could only take interest from foreigners. The Muslims were one of the few people who banned usury at the time of the Exodus. This concept is used in Islam.

24:1-5 a man can get a divorce if he is not pleased with his wife. A man cannot remarry a wife who got married to someone else, this was changed in Islam where the two must have sex first and then get a divorce.

24:5 husbands cannot go to war on the first year. The goal is to bring happiness to the marriage and to establish a bond between the husband and spouse.

24:7 kidnapping illegal, this doesn't include having prisoners of war

24:14-15 do not take advantage of a poor man by withholding his earnings.

24:16 neither are responsible for whatever their parents are accountable for or what their children are accountable for. This is the same as the Quran.

25:1-4 flogging at most 40 times. This is the same practice done in Islam.

25:11-12 these verses mean that Israelite men were allowed to hit their wives.

25:17-18 do not forget what the Amalekites did to you. Don't forget their strategy of attack. If you do forget both things, history will be lost in the next generation, and it is as if it didn't happen. Houses of worship don't belong in America given the wars fought. What if we didn't forget what

America has done to us? Wouldn't we get attacked again if we just moved on? Amalekites have a hidden agenda.

25:19 do not mention the name of Amalek when it is brought up. Never forget Amalek. Al-Amaliek is an ancient Canaanite tribe in Southern Arabia in ancient Arabian records. Amalekites are called Kenites. Kenites are from Cain.

26:5 other Israelites were Arameans. The Israelites didn't know if they were Aramaic or Canaanites, so they wrote in a wandering Aramean which is a mixture of the two.

27:10 Prophet Moses tells the Israelites to obey the Lord your God and follow his commands and decree our Lord gave them on Mount Ebal. This is the same as the Quran.

27:12-13 the 12 tribes of Israel.

27:22 this verse also bans relationships between the sister whether it is his sister from his father or mother.

27:26 amen is the same as Islam.

28:1-2 blessings had come to the Israelites before they had entered the Promised Land of Mecca in Arabia because the Israelites obeyed our Lord.

28:9 the ways of the Lord, this is the same as the Quran the way of your Lord

28:64 the 12 tribes during Prophet Moses's time would be scattered around the world and will worship false gods. We don't know if they were. I doubt this had happened where they stayed in Arabia.

28:68 this is a false verse; this prophecy was not fulfilled of a second enslavement in Mizraim. Jews of Arabic origin are called Mizrahi from Mizraim

29:29 Allah has secrets known only to him. This means we don't know everything about life.

30:11-18 it is possible to hold the law

30:19 I have set before you blessings and curses life and death, now choose life. This is still relevant to this day, people will do anything to choose life, take any cheat code etc.

31:6 "be strong and courageous. Do not be afraid or terrified because of them, for the Lord your God goes with you; he will never leave you nor forsake you." -Prophet Moses. This is the same as the Quran that Allah will not leave the believers.

31:9 this is a false verse that Prophet Moses wrote down the Law of Moses. Prophet Moses wrote some of the Law of Moses down.

31:21 for their rock is not like ours. This explains why people have cliques and try to stand out in society or why people claim what they do is special. This is the same as the Quran.

31:22 Prophet Moses wrote The Song of Moses.

32:1 Prophet Moses wrote The Song of Moses.

32:4 he is the rock; his work is perfect. God is the rock.

32:8-9 Prophet Moses says that when Allah gave the nations the inheritance, when Allah divided mankind, He divided the land according to the number of the tribe of Gods. Allah fixed the boundaries from those who the gods reproduced with. Allah's portion was through Prophet Jacob who was a Muslim. Prophet Moses says that the Lord had his people through Prophet Jacob knowns as the 12 tribes of Israel. Prophet Moses is speaking of a tribe known as the Israelites in this verse. The Book of Deuteronomy was before Ancient Israel existed founded by Prophet David who united Israel and Judah.

32:10-13 required pilgrimage to Jerusalem in Arabia for all the early Muslims known as Hakhel. Jerusalem, salaam means the same.

32:42 this is a false verse; this verse was added later.

6:2 the Ancient Israelites marched around Jericho in Arabia for six days. The Ancient Israelites then marched around the walls of Jericho on the seventh day with the priests blowing the trumpets of rams' horns. The giant who had six fingers on each foot, his name is not listed. The second Goliath had a brother named Ishbi-Benob. Goliath is not the name of the first and second Goliath that Prophet David fought.

21:16 Ishi-Benob is not the giant’s real name. Raphah means giant. Rephaim in Deuteronomy 3:13 means giants.

21:19 Elhanan slew Goliath, this is either Prophet David’s real name or someone else slew a person named Goliath. I think it is Prophet David’s real name because it has el in it which means “like God.”

22:1-51 Prophet David's song of deliverance, Prophet David is singing to the God, Prophet David Allah’s Prophet is singing not to a human or an animal but only to God directly, this is one if not the most important passage between all the Holy books to me

11:3-6 these verses are false Prophet Sulaiman did not have 700 wives and 300 concubines. It is possible Prophet Sulaiman had 700 wives and 300 concubines only because the Quran verse limiting up to four wives was not revealed yet. Though it is possible, it is not correct, no other Prophet was said to have anywhere near as many wives and concubines. He did not worship false gods or turn his way from the Lord. What I think happened here is the Muslims knew it to be a fact that if someone had so much wealth and power it would cause them to think they were better than they really are.

King Ahab and Jezebel were written about 200 years after their deaths. This means they were remembered to the point they had to have existed. Jezebel led the Israelites to worship baal; we infer through her beauty. Since Jezebel was beautiful, that means there are beautiful women on the earth, she wasn’t a prophetess either if such a concept exists meaning she didn’t have Prophet powers of any kind. In 1 Kings 16:23, Omri reigned in the 31st year of Asa’s reign. In 1 Kings 16:2, Omri reigned in the 38th year of Asa’s reign.

What this means is that Allah is a genius unlike any human ever in existence, nobody knew the intent of every thought of people they met. Because Allah knows the intent of every thought, that means you cannot get away with anything making an excuse or telling a half truth about something you had done wrong.

29:11-12 God reigns over all, in God’s hand is his power and might.

29:26-28 this is a scribe or Rabbi explaining events that happened. This is not God speaking. This is why I don’t believe the Bible is infallible that people believe the scribes documented the events perfect of the Prophets actions.

29:29 the Chronicles of Samuel, Nathan, Gad reference

Second Book of Chronicles:

2:6 this verse mentions the Heavens, the goal was to reach the Heavens on the earth through a Temple that’s the peak of reaching on the earth, the next goal after life is to go to the Heavens, not have a “third” temple, the “third” temple isn’t mentioned in Scripture, only in the Talmud’s. The reason why Hell is not mentioned in the Old Testament is because Allah entrusted the early Muslims to do the right thing, when Allah’s faiths covered the earth, everyone in any country had to know why to do the right thing, not just a nation. Add to the fact that ancient Israel did not contain wrong activities to engage in like countries today where most countries contain so much filth.

Our Lord sent an Angel who destroyed the Assyrian army with all of its commanders and officers.

36:11 Ezekiah was the leader of Judah. Ezekiel is an Arabian name.

36:15-16 the Lord sent His Messengers again and again, because he had compassion for his people and his Holy Land. The Israelites kept mocking the messengers, despising their words, and scoffing at Allah’s Prophets. This is the same as Islam where the Messengers were mocked by the Israelites. The wrath of the Lord came and there was no remedy. That’s why the Israelites were handed over to King Nebuchadnezzar II.

36:17 this is a false verse; this event did not occur. The verse says that the King of the people of Chaldea in Canaan in Arabia slaughtered the young men in the sanctuary along with the young women, young men, elderly, and the weak. The King of the people of Chaldea in Canaan in Arabia did not kill all the young men in the sanctuary along with the young women, young men, elderly, and the weak nor did King Nebuchadnezzar II of the Neo-Babylonian Empire.

36:18-20 King Nebuchadnezzar II and his army took all the articles from Sulaiman’s Temple; they took everything of value in Sulaiman’s Temple. His troops set fire to Sulaiman’s Temple. King Nebuchadnezzar II enslaved 25% of Muslims in Judah to Babylonian Captivity. The other 75% of Muslims in Judah. Arabia stayed there with Gedaliah appointed as the governor. Ancient Israel ended after the war with Nebuchadnezzar.

36:22-23 Cyrus incorrectly declares the Muslims to go to Second Jerusalem to build a “Second” Temple in Palestine while a portion of Muslims went back to Arabia. This is how the prayer got messed up as the Muslims in Arabia did it correctly while the Jews in Palestine did not. Cyrus claims Allah's authority, but he had none. There is no evidence our Lord wanted a "Second” Temple. Because of this, the Jews of today think they have a different God that wants a "third” temple with a separate Messiah than Prophet Isa.

Book of Ezra:

1:1-4 these are false verses of Cyrus had given the Muslims the right to build a Temple in Palestine to be a Temple after Prophet Sulaiman’s. There is clear historical evidence that Muslims lived in Babylon under captivity, the Israelites did exist. Also, they could not have been a nation or tribe from Babylon, they were in captivity. That’s not proof that the Israelites were from Arabia, but we know the Israelites weren’t a political/religious/ethnic group from Babylon that was taken prisoner for treason. The Muslims took the names of towns and villages from their Bible and put them in areas in Palestine, the land was new but the names for the land were not.

1:5 we don’t know if Ezra is a Prophet or not. Ezra was a scribe and a high priest. I don’t believe Ezra was a Prophet.

1:6 the “Second” Temple took four years to construct, the “Second” Temple began construction on 353 B.C.E. and was constructed in the year 349 B.C.E.

2:1-67 the Bible lists 42,360 Israelites as part of the congregation, the actual number is 30,000 when added up. They may have been in waves, or the numbers are inflated from Babylonia to Second Jerusalem. There were over 60000 Muslims in Babylon by the end, it started with 125000. Only 1/4th migrated to Palestine. Mordecai and Bilshan are not Biblical names.

Bigvai, Baanah, Zattu, Zakkai, and Ziha are Arabian names. A priest named Pashur had 1,247 descendants. Pashur is an Arabian name.

4:10 Prophet Ezra makes mention to Ashurbanipal who fought campaigns in Arabia. He is referencing those in the Qedarites who were deported and settled in Samaria in Northern Arabia. The Israelites knew about the library of Ashurbanipal.

5:1 Tattenai sends a letter to Darius I am questioning the construction of a new temple saying, "who authorized you to rebuild this temple and finish it?" The God of Israel is called Elah. Elah is close to Allah.

5:12 this is a false verse that the Israelites angered Allah, and that Allah delivered them to King Nebuchadnezzar II of the Neo-Babylonian Empire. King Nebuchadnezzar II was not from the people of Chaldea in Canaan in Arabia. King Nebuchadnezzar II was a Babylonian King.

6:3-18 Darius responds that Cyrus' decree to build the "Second Temple" at 60 feet in height, which was more than twice the height. Cyrus didn't get the build right or there was a "second temple" in Jerusalem in Arabia that got destroyed again since the Quran references how the Muslims were destroyed twice.

Book of Nehemiah:

2:1-20 Nehemiah went to rebuild Sulaiman’s Temple in Arabia, but Nehemiah feared that Cyrus would not approve of it, so Nehemiah did not. Nehemiah consults with one of the heads of Goshen who is the Arabian where he is doing work to renovate the Temple in Palestine whose walls were broken, and doors were burnt down. Some Arabian tribes were against building this new Temple out of fear the Babylonians would attack again. This is almost 1,000 years after the Exodus. Why is Nehemiah consulting with an Arab and not a Palestinian? Geshem or Goshen is an Arabian name.

4:1-23 there is more opposition to rebuilding the Temple from Sanballat a political leader or he was named "sin has come" to ridicule him by the writers of the Old Testament

6:1 there is more opposition from both Sanballat, Tobiah whose name means servant of the King, and Geshem the Arab. A false female prophet named "Noadiah" allegedly tried to intimidate Nehemiah. First, Prophets do not disagree with each other. Second, this is the first ever spoken of female prophet. Third, she uses intimidation as a method, and forth what would make this "Noadiah" wrong over Nehemiah's alleged prophecy to build the Western Wall, and fifth why is Noadiah a guy spoken of in the Book of Ezra?

6:15 the wall of the “second” temple was completed in the month of September in fifty-two days.

Esther risked being executed by approaching King Ahasuerus without being summoned, there was a royal decree to annihilate the Muslims when Mordecai refused to bow to Haman an official in the Achaemenid Empire. Only Mordecai knew that Esther was an Israelite. Mordecai told Esther to hide that she is an Israelite to other people. King Ahasuerus was inspired by Esther’s courage, King Ahasuerus

arrested Haman the official. The edict was reversed. Purim started from this event.

2:20 Mordecai is not his real name. The Talmud states that his name was Mordechai Bilshan. Mordechai Bilshan in Babylonian means “marduk is their lord”.

2:23 the Book of Records reference

3:1-6 Haman was elected the honorific title of Prime Minister of the Achaemenid Empire. All the royal official's nobles bowed down to Haman. Muslims were allowed to bow to leaders; Mordecai who was close to King Ahasuerus didn't bow because Haman was an Amalekite. Haman plotted to kill all Muslims by convincing King Ahasuerus that he was a traitor. Haman felt Mordecai believed he was above him and was elevating him to a status he didn't deserve.

3:7-8 Haman is the main character in the Book of Esther. There is no connection to Haman in the Book of Esther to Haman who was Pharaoh’s highest-ranking official in the Quran. Haman is an Arabian name.

2:3 Prophet Job was righteous

2:11 Prophet Job was comforted by his three friends.

3:8 this verse doesn’t mean the Sabeans are far off. It means the Sabeans who are polytheists are far from the Law of Moses.

5:13 Prophet Job says that the wise follow our Lord and the schemes of the deceitful do not affect the believers. This is the same as the Quran.

7:9 one who goes to the grave does not return. This is true to this day with the exception of Prophets such as Jonah.

34:4 Prophet David said Allah delivered him from all his fears.

34:7 the term Angel used in this verse may have meant to be plural since there are two Angels assigned to the believer in Islam. This is similar to the Quran.

74:13-14 these are false verses of our Lord fighting sea monsters. This is a Leviathan reference. The Leviathan is a serpent, the Leviathan isn’t Satan. This must be where the concept of the Chinese Dragon came from. It

wouldn’t matter if the Chinese didn’t get their Dragon from the Bible, the original source for both is almost certainly the same from the Middle East. This tells me that the Chinese Dragon most likely did not exist and was just a handed down story from generation to generation. However, the actual dragon or leviathan what it is called did exist since it is Revelation.

82:6 this is a false verse that says ye are gods. The Ancient Israelites that Prophet David was talking to were far away from the religion. This comes from the Book of Genesis where the Serpent told Prophet Adam he could become a god. This is how you know the talmudists are polytheists. How can Christians say the Bible is infallible after reading that verse since Christians are Monotheists? This is an example where the Israelites believed something about themselves and then attributed it to Prophet David claiming it as Scripture. The Israelites had so much knowledge and thought too high of themselves, so they thought they were a false god of some sort. They became polytheists. Because they believed they were false gods, they believed they were without sin. This means they wouldn’t listen to the Prophets when the Prophets came. This is proof that Prophet Muhammad was talking about the true Psalms and not the Psalms we have today. This would mean he was also referencing a different Torah that is true and a true Gospel.

82:7 you will die like mere mortals; this is the same as Islam.

84:3-6 pilgrimage as they pass through the Valley of Baka which is Mecca. The law giver known as Prophet Muhammad will come from it. To get to Jerusalem in Arabia, you had to get through Mecca. 89:26 this is a false verse of Prophet David saying to our Lord “you are father, my god, the rock my savior.” This would mean Prophet David is the son of god. This is where Jeshu got “the father” from. This also means “the rock” is not one of our Lord’s names.

89:27 this is a false verse of our Lord calling Prophet David his “firstborn”. This would mean Prophet David is the son of god. If Prophet David is God’s firstborn son, that would mean Christianity’s false god isn’t.

The lion is mentioned twice in the verse. How do Christians know this verse in the Book of Psalms isn't refencing something different than their false god being on a cross? How do Christians know the verses in Psalm 91:14-16 is part of the prophecy in the previous verses?

91:14-16 this is Prophet David speaking. Our Lord saved Prophet David from his enemies because Prophet David loved the Lord. Prophet David was shown our Lord's salvation because of it. This is not a prophecy of the Messiah. These verses contradict the crucifixion in the false gospel because the Lord says He would deliver and honor the Prophet described in the verses. The Lord says because the believer loves Him, He would deliver him. Allah says to Prophet David that because he calls on him, he will rescue him. This is the same as the Quran. Through the believer's life, the Lord says He will satisfy the believer, and the Lord will give him salvation.

We will never know almost all practices are Islamic, we interpret to the best of our ability since we are not Prophets. Also, if there shall be no compulsion in religion in the Quran means something else, this verse is from Psalms which is confirmed in the Quran. Each generation is special.

Everything is owned by an Arabian tribal mindset take for instance our cars, they are Arabian owned or designed for an Arabian of any time. We are all Arabians descending from ancient tribes. A patriarchal society is owned by an Arabian from an ancient tribe, the term patriarchy had a different name during Prophet Adam’s time. Whatever someone thinks up or invents that was already thought up by an Arabian in a tribe during ancient times. There are no new inventions. 17:27 watch your words and you will have knowledge. Have a cool spirit to be a man of understanding.

18:1 this verse was handed down from generations that it is selfish for people in a tribe to leave the tribe for their own gain. The tribe may have ended if more people had left a tribe. This also applied to Ancient Israel that those who left Ancient Israel had others take their positions in Ancient Israel.

18:2 a fool takes no pleasure in understanding, but only in expressing his opinion. This verse is huge if read carefully.

18:5 do not take a bribe. This is the same as the Quran.

18:22 marriage receives favor from the Lord. This verse is the same as Genesis 2:18. This is the same as the Quran.

19:2 we need all the details before getting upset about something, we all need this reminder sometimes

19:8 the man who gets wisdom loves his soul; he shall find good

19:18 discipline your son before it is too late where he joins a cult.

20:1 wine causes mockery probably of Allah and beer causes fights. Everyone led astray by them lacks wisdom. This is the same as Islam. Also, this contradicts Judges 9:13 that wine pleases both god and man.

20:7 if you are righteous, you are promised good descendants

20:9 none of us can say we are pure. This is the same as the Quran where only Prophets are pure.

20:21 inheritance at a young age is something that is celebrated when it is first received, inheritance at a young age is not worth it by old age.

21:2 Allah looks at our hearts. This is the same as Islam found in a hadith.

21:9 get a divorce if your wife is a headache

21:13 when you ignore the cry of the poor, Allah will always ignore you cry for help.

21:19 it is better to live in the desert than with a nagging wife

21:20 stupid people spend all their money when they get it

21:23 if you want to stay out of trouble, be careful with what you say. This is the same as the Quran which says to turn away from ill speech.

21:25-26 lazy people destroy themselves. All lazy people think about is how to become rich.

22:1 a loving favor from the Lord is worth more than silver and gold

22:2 Allah decides who is rich and who is poor

22:6 children will not depart from Allah as they grow older if trained properly. This also means people will not depart from their ways; we see it to this day where they will just keep saying the incorrect thing.

22:7 this is factual, debt is awful

22:15 this could be a reference to flogging

22:17 in the Book of Proverbs, the author is unknown in verses Proverbs 22:17-24:22

22:22-23 don't exploit the poor, Allah will plunder you.

22:24-25 do not be around a hot-tempered person who is easily angry or else that will become you.

23:9 do not talk to fools, fools waste your time

23:21 gluttony didn’t come about until over one thousand years later, yet the Israelites knew to be vocal against it even though they didn’t see the damage done by it to someone’s body. This teaching was handed down for generation after generation. This is repeated in the Quran.

23:22 listen to your father and do not despise your mother when she gets old since her advice will no longer matter because you will be the one watching over her. If you don’t listen to your father, you will become ungodly, no longer caring about what’s good.

23:23 buy truth and do not sell it. Get wisdom, instruction, and understanding.

24:2-3 do not envy the wicked. Do not desire their company. For their hearts plot violence, and their lips talk about making trouble.

24:8-9 explicit never to scheme

24:12 each man will be repaid for his work. This is the same as the Quran.

24:29 don't seek revenge.

25:21 if your enemy is hungry, give him food to eat. If your enemy is thirsty, give him water.

26:4 do not respond to a fool

26:17 interfering in someone else’s argument is as foolish as pulling on a dog’s ear.

26:18-19 "I was only joking!" comes from the Bible. If you claim to be only joking so much, you are a liar who only wants to bring people down. It all repeats how there are people who only want to anger you and then say to you “calm down, it isn’t serious” when it is serious the words, they say but for some reason these people cannot recognize it at all, they work for Satan.

27:1 do not boast about tomorrow, the future cannot be predicted

27:12 the wise take caution, the rest do not

28:1 the wicked flee, no one peruses, the righteous are as bold as a lion

28:9 those who do not observe the Law of Moses prayers are detestable to our Lord. This was updated in Islam.

28:19 those who work hard have plenty of food but those who chase endless fantasies end up in poverty

28:25 a greedy man stirs up strife, those who trusts in the Lord meaning they are content will be enriched this means you will improve who you are as a person

29:11 a fool must get his voice heard, but the wise do not. There is clearly a moral in the Bible of some sort.

29:17 discipline your child; this is illegal in first world countries which this alone would prove that first world countries are not Christian.

30:1 Agur is the author of Proverbs 30. Agur the son of Jakeh was a sage of Arab descendant. Agur is an Arabian name. Jakeh is an Arabian name.

30:2 Agur did not believe he was wise enough to be included in a Holy Book.

30:3-4 the Holy One is the Holy Spirit or it is our Lord. Several Prophet went up to the Heavens and came back from the Heavens. What is the name of our Lord is asked in this verse. The verse says, “his son’s name”, this is not a Son of Man reference. These verses refer to Prophet Moses being the “son of god” that no Prophet had come after Prophet Moses that understood the Torah and the wisdom in the Torah like Prophet Moses did.

30:5 every word of God is flawless. This would apply to the Quran since the Bible has been corrupted.

30:6 if anyone adds verses that are not part of Scripture, Allah could rebuke them and prove them to be a liar

30:8 give me neither poverty nor riches.

31:1 King Lemuel is the author of Proverbs 31. Lemuel is his name. Lemuel contributed his wisdom to his mother.

31:6 this is a saying of Lemuel a leader of Ancient Israel, this is not a prophecy.

31:8-9 speak up for those who can't speak up for themselves; ensure justice for those being crushed. Speak up and judge fairly; defend the rights of the poor and needy. If you are of an Abrahamic faith, you are required to in some way speak on behalf of those who have nothing. Prophet Muhammad did exactly this when he spoke for the marginalized in society and he defended the rights of the poor and the needy showing he was a Prophet.

31:15 a noble woman gets up in the middle of the night to provide food for her family and for her female servants

31:28-29 a noble woman’s children and her husband call her blessed. Her husband tells her she is the most noble woman.

Book of Ecclesiastes:

1:1-7 you won't be remembered, how much damage can one do really? How much fame can one get? What are our accomplishments really when we never know who can or could achieve what? No one will care in Paradise that you were the greatest at a sport. Everything is meaningless, the world ends. The world will still be the world, we cannot market it any differently. There is nothing new under the sun, your ideas are not revolutionary no matter how you market them, and they have already been done throughout history you can research the effects it had on society. This means nothing you do, say, bake, will impress someone past 5 minutes. This means all these vacations to Aruba for instance are the exact same scale as anywhere else on an Island in the world regardless of the price. Aruba should bring you the same level of joy as Jamaica, Puerto Rico, Barbados, etc. Meaning their citizens are all at the same level of the joy index yet the joy index may indicate otherwise. This verse is the same as the hadiths in Islam of a disbelievers Paradise and a believer’s prison, it is just worded differently meaning Prophet Sulaiman probably said that verse.

1:8 this is a false verse. All things are wearisome. Humanity finds more out of life and wants to get more out of life. These contradict.

1:9 our Lord has witnessed everything since time began.

1:12-16 "what is crooked cannot be straightened what is lacking cannot be counted" problems will always be there to be replaced with others. Whether knowledge, care, admitting people are wrong, doing evil, lying, bad role models, people not wanting to abide by laws, it will always be there. Is it not fitting there needs to be a Quran with a Prophet having to fight wars considering the lies about Prophet Sulaiman?

1:18 the more wisdom comes much sorrow, you see things you don't want to see or hear about, medicine you didn't want says Prophet Sulaiman.

2:11 trying to achieve the impossible is meaningless.

2:12-13 wisdom is better than folly, light is better than darkness.

2:17 Prophet Sulaiman hated life, he was the wisest man, thousands of years ago they knew the smartest people who are good at heart live the worst lives. You would think he lived the best life ever always being right. It must be brought up however that Prophet Muhammad lived an amazing life and smiled all the time.

3:1-8 there is a time for everything, there will always be a time where you must be serious on this earth. A time to love, a time to hate, a time for war, and a time for peace. This is where the saying there is a time and a place for that comes from.

3:11 Allah has made everything beautiful in time. The human heart is there for eternity. No one can fathom what God has done.

3:14 everything that God does shall be forever.

3:18 this is a false verse that god tests humanity to see that if we are like the animals.

3:19-21 humanity and animals do not breathe the same breath. Everything is meaningless, this verse is repeated from Ecclesiastes 1.

5:11-12 the more you make the more you consume, you won't appreciate it, if you work a lot you sleep well and proud. Rich people expect more and more, it is not to insult them but to wake them up.

5:13 usurping wealth is a grievous evil.

5:19-20 Allah will allow people to be happy with their work. This man will not reflect on what others did because Allah keeps him occupied with gladness.

7:16 don't stress knowledge, don't try to be overly wise, that is wasting time, and we won't always be correct.

7:20 this is a false verse that there is no man who is righteous on the earth. The Prophets were righteous.

7:26 a woman who is a trap is more bitter than death Prophet Sulaiman says.

8:2-8 don't speak out against the King; the King knows best. At the time, they governed peasants and the illiterate majority population. The citizens were not educated to take over his rulership.

8:14 it doesn't matter if innocent people are robbed of their life; it happens, it will always happen, we can't fight what cannot be controlled.

8:15 have fun on the earth. There is nothing better than to eat, drink, and enjoy life.

8:16-17 no human can understand why Allah does what Allah does. No one understands life’s meaning. Prophet Sulaiman knew all that God has done meaning he was a man who could not make an error. This disproves the Christian narrative that only Prophet Jesus was perfect.

9:5-6 no one knows what Prophet Sulaiman is getting at here. My belief is he is saying that there was no afterlife during his time only for it later to be opened.

9:7 this is a false verse; Prophet Sulaiman would not ever advocate drinking wine. Alcohol is referenced only a few times in the Old Testament.

9:10 do all you can with your strength. For in the realm of the dead, there is neither working, nor knowledge, nor wisdom, nor planning.

10:19 this is a false verse that wine makes people glad and that money answers everything.

11:8 this is a false verse; this verse is repeated from Ecclesiastes 1.

11:10 youth and vigor are meaningless; I have no clue what Prophet Sulaiman means here since all want to achieve this in life.

12:1 remember our Lord in your youth

12:7 we have spirits which we will return to our Lord

12:8 this is a false verse; this verse is repeated from Ecclesiastes 1.

12:13-14 Allah will bring every work into judgment every deed be it good or evil. This is the same as in Islam.

25:24 this is a false verse about women being the beginning of sin through Eve

26:4 whether a man is rich or poor, if he has a good heart towards the Lord, he shall always rejoice with cheerful countenance

26:25 a shameless woman is to be counted as a dog, the same would apply to men, the Lord does not like people with no shame. The Quran expands further on this by saying that men and women should lower their gaze and guard their modesty. Haya is a part of faith that is a requirement.

Song of Sulaiman:

1:1 most scholars doubt Prophet Sulaiman wrote this book in the Bible. Prophet Sulaiman was the wisest man to ever live making this book in the Bible doubtful. I believe most of the Song of Prophet Sulaiman are teachings of wisdom said by the Israelites handed down from generations that was attributed to Prophet Sulaiman when he didn't say the wisdom in it.

1:5 the tents of Kedar and the curtains of Sulaiman's Temple are both black.

4:5 Song of Prophet Sulaiman is a book of sex and love, but when the hadiths describe Muhammad's sexual life people take issue with it. Also, Arabia is known for this kind of folklore.

5:15-16 these verses are describing Prophet Muhammad. Muhammad means "One who is Praised". Muhammad and "altogether lovely" means the same. We will never know if the Biblical Hebrew word "machmad" means the same as the Arabic name Muhammad. Song of Sulaiman 5:16 description is about Prophet Muhammad. The Biblical Hebrew word "machmad" does not translate to "Muhammad." This would mean the verse would be saying "his mouth is all sweety, and he is altogether muhammad." Prophet Muhammad's name means praiseworthy.

7:4 your neck is like a tower of ivory, your eyes are beautiful like the ponds in Heshbon, your nose is like a tower of Lebanon facing towards Damascus.

7:7-9 a date palm tree reference. The writer says the ladies' breasts are like clusters.

8:10 the lady speaking in this says her breasts are like towers.

9:6-7 this is a Prophet Muhammad reference, "Prince of Peace". He is the Prince of Arabia, Allah being the King of the earth.

Book of Isaiah:

1:1 the chapters 1-39 in the Book of Isaiah are written by Prophet Isaiah

1:4 the Jews were a sinful nation, offspring of evildoers as described by Prophet Isaiah. Why can the Prophet Isaiah speak against the Jews, but Prophet Muhammad can't?

1:18 the Lord says come, let us reason together.

1:29-30 Prophet Isaiah mentions oak trees. Oak trees are known to Southern Arabia.

2:2-4 we don't know if this prophecy is tied with Sulaiman's Temple in Jerusalem. The prophecy says that Sulaiman's Temple will be at the highest of high, many will go to the Temple. The prophecy also says that the message would begin at Mount Zion in Jerusalem in Arabia and then spread around the world. The prophecy also says that God will judge between the nations and there will never be war again. Isaiah 2:4 would have to be a prophecy that is separate from the previous verses that warfare will end.

2:13 oak trees are known to Bashan. Bashan is in Southern Arabia.

2:19 this is an End Times prophecy that people will flee to caves and will go to holes in the ground on a day when our Lord will shake the earth.

3:12 Prophet Isaiah says that women were ruling over men in Ancient Israel, and it led the Israelites astray. This is the same as the hadiths.

3:17 this is a false verse that the Lord would uncover the private parts of the daughters of Zion.

4:1 Prophet Isaiah prophecies that seven women will marry one man. This is the same as the hadiths.

5:1-7 the Son of the Vineyard is also a parable that Prophet Isa describes.

5:20 woe to them who call evil good and good evil; that put darkness for light, and light for darkness. The light referred to in this verse is the same as the Quran.

5:22 this is a false verse, don't be an expert at alcohol.

6:1 Prophet Isaiah saw our Lord. Our Lord filled Sulaiman’s Temple in the year Uzziah died. This verse is not a prophecy.

6:2 this is a false verse that Seraphim Angels have six wings. The Quran confirms that Angels have two, three, or four wings.

6:3-5 Seraphim are the highest-ranking Angels. There are seven Seraphim Angels. The Seraphim means “burning one”.

6:6 Prophet Isaiah kisses a stone for an atonement of his sins. This stone is not the same stone as the Black Stone in the Kaaba.

6:7-8 these are false verses where kissing a burning coal forgives your sins

6:9-10 Allah hardened the Israelites hearts so they could not understand Scripture for forsaking Him. These verses are also a parable that Prophet Isa speaks of.

6:13 Prophet Isaiah mentions oak trees again.

7:14 Immanuel is Prophet Isa, born through a young woman of childbearing. The original Biblical Hebrew translation of the word parthenos is the “young woman of childbearing”. The Septuagint Bible translated the word parthenos to mean “virgin”. We don’t know if the Biblical Hebrew name Immanuel translates to Isa in Arabic. We don’t know if the Biblical Hebrew name Yeshua translates to Isa in Arabic since Biblical Hebrew is lost.

7:15 he will eat curds and honey

7:16-17 this is a false Messiah prophecy that before Prophet Isa knows right and wrong, the land of the two Kings the Israelites dread will be laid to waste. This is not a reference to two Kings who may have been Herod and his sons Herod Antipas and Herod Archelaus. We know this verse is false because Prophet Isa knew right from wrong before he reached puberty. The Messiah did not defeat the King of Assyria in a war.

7:17 we don’t know if our Lord sent the King of Assyria to the Israelites during the time of Prophet Isaiah.

Prophet Isaiah is speaking about Ancient Israel in Arabia and Jerusalem in Arabia. Our Lord will be a holy place meaning the Kaaba in Mecca meaning this verse is a prophecy of Prophet Muhammad. Prophet Muhammad caused the disbelievers to stumble and fall.

8:20 if you don't speak according to the law then there is no light in you. That means the law must always exist.

9:1-2 the sea refenced here is the sea that Prophet Moses crossed in Yemen. If this prophecy was fulfilled, I am not sure which Prophet fulfilled it.

9:4 the rod of Midian's defeat, the oppressor of the Arabs is the Roman Empire that controlled Midian in Arabia.

9:6 this child will have authority on his shoulder. Prophet Muhammad had authority. All Prophets were princes of peace of the tribes of Arabia by sending down divine law which got updated for different generations by each Prophet, this could be any one of them. The false gospel we have today does not contain a person calling the Messiah any of these names in this. These verses are not about Prophet Jesus. Also, Prophet Jesus's name means God is salvation, not Jesus is god, something of note. No Prophet called Prophet Jesus the "son of god."

9:7 this is a prophecy that Prophet Isa came from the throne of Prophet David. Prophet Isa established judgement and justice forever with the true Gospel that is lost today.

10:22 Prophet Isaiah talks about how the Ancient Israelites will still return after several battles with neighboring tribes and Empires when the Ancient Israelites were uncertain if Ancient Israel in Arabia would still be in existence after the Assyrians were going to invade Ancient Israel in Arabia. The leopard will be around the goat, a child will lead them. The cow will eat with the lion on the cow's second year. An infant will play near a cobra's den. A child will put their hand into a vipers nest in Paradise. Knowledge of our Lord filled the world; this was a prophecy that Prophet Isa had done by giving the true Gospel to all the nations.

11:11-12 this is a false verse of a Messiah prophecy where the Ancient Israelites would be returned to Western Arabia from Assyria, Mizraim in Arabia, Upper Egypt, Ethiopia, Shinar in Western Arabia, Syria, and from the islands of the sea. These verses were added later. The Messiah will not unite the earth, and the Muslims will be gathered in Israel from the four corners of the earth. Prophet Isaiah says that the Muslims who left Judah in Southern Arabia that went to the Neo-Assyrian Empire would return to Judah in Southern Arabia. This may be saying that over the span of years the Muslims who went to the Neo-Assyrian Empire would go back to Judah in Arabia. This may have been a prophecy of the return to Western Arabia from Babylonian Captivity where the Messiah would return the Ancient Israelites to Western Arabia from Babylonian Captivity.

14:27 all the forces of darkness cannot stop what Allah has ordained.

14:29 Peleshet or Philistia does not mean Palestine. Peleshet is a land found in Arabia. Herodotus traveled to Egypt around 450 B.C.E. Herodotus founded the name of the land of Palestine before it was fertile land. Herodotus did not write of any Israelites or Pharaoh's when he traveled to Egypt through the land of Palestine. Herodotus did not write of a "Second Temple." Herodotus referred to the leaders of Egypt as Kings. Herodotus wrote that many Arab tribes lived in Palestine. Herodotus said that the Amorites, Canaanites, Nabateans and other Arabian tribes entered Arabia in waves. Herodotus was the earliest known historian.

16:1-2 Prophet Isaiah talks about the Moabite nation sending lambs as tribute from Sela in Medina in Northern Arabia through the desert to Mount Zion in Southern Arabia as tribute to Ancient Israel in Arabia.

The Quran was revealed. Islam was a light to the Gentiles; the Quran was sent for all of mankind. Islam was sent for all the earth. The Umayyad Caliphate was worldwide. This verse cannot be a reference to the Roman Empire when the Romans converted to Christianity around the year 480 since the Romans were the Roman Empire and not a Chrisitan Empire. The Muslims were honored by nations when they conquered them during the Caliphates. Prophet Muhammad was the redeemer of Ancient Israel. Prophet Muhammad was sent as a mercy to all mankind. A Prophet of sorrows, there wasn't a Prophet that was known for sorrows. A Prophet that knew grief, all Prophets had suffered in a way in their lives. Israelites did not hide from the Prophets after Prophet Isaiah. The word despised is repeated here. There were several Prophets that were despised by their own people which Prophet Muhammad described in a hadith.

53:4 this could be any Prophet that was considered punished by our Lord. Prophet Muhammad was viewed as hated found in Quran 93:3.

from their enemies attacking us or that Israel is healthy/prosperous again. I think the Israelites are talking about Allah directly taking the emotions they had felt during their suffering. How does anyone know this is in the future tense?

14:1-22 the Israelites asked Prophet Jeremiah to intercede with Allah after a severe drought happened in Ancient Israel. Allah destroyed the Israelites with separate events of a battle, a famine, and a plague. Allah says that the false prophets who prophesied in his name would perish by the sword and famine. The false prophets would have no members of their family to bury them. Prophet Jeremiah still prayed to Allah to intercede for the Israelites. Allah refused to hear Prophet Jeremiah’s prayer.

16:1-3 Prophet Jeremiah was told by Allah not to have children in the land of ancient Israel. These verses are not incorrect or if they are incorrect, it must be stated that Allah never asked Prophet Jeremiah to never have children. I believe Allah required all Prophets to be at the very lead married and would never tell a Prophet not to have children ever. Prophet Jeremiah, could have left the land of ancient Israel, gone to Medes or anywhere during that time and had a child, this would not have been a sin on Prophet Jeremiah’s part if he did such.

Mizraim and Dedan are listed with the prophecy, both Mizraim and Dedan are located in Southern Arabia. The Kings of Arabia are listed after several about all the Kings of Arabia with no other land listed. If the Kings are outside of Arabia, why would all the Kings of Arabia be emphasized? Prophet Jeremiah then lists other Kings of Arabia such as Zimri, Elam, and Media. This an error where these kings would be listed before listing all Kings of Arabia. This prophecy was not fulfilled, the records are low for these events.

25:26-38 this a false prophecy. If this prophecy did happen, it did not happen at the ends of the earth. It would have only happened in Arabia. I don't believe there was a cup Prophet Jeremiah drank of Allah's wrath that made local tribes in Arabia stagger.

There were letters written of what the Lord said to the Prophets to tell the Israelites in the letters written. There may have been letters of what the Lord said to the Prophets addressed to the Israelites. I believe an Israelite in a high rank wrote letters out and said a Prophet wrote them. When Prophet Muhammad wrote letters to Kings inviting them to Islam, Prophet Muhammad didn't address the Kings he wrote to saying "this is what the Lord Almighty, the God of Israel, says to all those I carried into exile from Jerusalem to Babylon."

29:13 if you are committed and sincere you will find Allah

One of the cherub Angel had the face of a human, another had the face of an ox, another had the face of a lion, and one had the face of an eagle. Some of the Anunnaki had faces that were an eagle. 12:13-14 this prophecy was fulfilled that the Lord told Prophet Ezekiel that King Zedekiah would be a slave of the Babylonians after King Zedekiah tried to escape after he lost the Siege of Jerusalem and King Zedekiah's troops would be pursued by the Chaldeans and would die in Chaldea in Mesopotamia.

12:25-28 this event already happened with the Israelites going into Babylonian Captivity.

14:1-11 Allah handled Idolaters on his own along with false Prophets by destroying them. Times have changed now; we can get away with this behavior on this earth. In Islam, a believer's sins are forgiven if they repent whether they abide by the Torah or not. This means sins were already able to be forgiven, in Christianity, it is taught otherwise.

18:23 Allah poses a rhetorical question that if the wicked changes their ways, then he is happy. This is different from show no mercy found in Psalms that people keep repeating. Since this is Allah's word and not Prophet David's it would be used over the verse in Psalms. A righteous man who does what is just and right. He does not eat at the mountain shrines or look to the idols of Israel; he does not oppress anyone but returns what he took in pledge for a loan. He does not commit robbery, but he gives back, he doesn't lend at interest, he withholds his hand from doing wrong, he follows my decrees and laws that man is righteous and will surely live declares the Sovereign Lord. However, one who does not follow these laws must be put to death. This was the beginning of a son not being responsible for a parent's actions vice versa. This can mean whatever past generations is not brought up. As example if someone's father was a polytheist who was an oppressor. A wicked man who changes his ways will be given a second

chance; our Lord is pleased with this. A righteous man who turns from his ways is to be put to death. Our Lord respects us enough to ask us if these laws are just or not.

18:32 Allah takes no pleasure in the death of anyone, you have to repent and live. This is necessary to know, that means watching tragedies on the news is horrific in the Lord's eyes.

26:7-14 instructions on how to make the tents

36:24-26 these verses are speaking about Ancient Israel returning. These verses are describing how Prophet David was once its ruler and Ancient Israel will return. These verses could be describing the Ummah taking place. This prophecy was fulfilled where the Ancient Israelites were brought back to Arabia after Babylonian Captivity. When the Ancient Israelites came back to Arabia, there were no idols. Later, there were many idols in Arabia. In Jeremiah 31, the verses addressed our Lord’s new covenant. These verses show how it will be done. These verses are not a prophecy of the Messiah. The Prophet Isaiah, the Prophet Jeremiah, and the Prophet Ezekiel prophesied that the Ancient Israelites would be brought back to Arabia after Babylonian Captivity.

Book of Daniel:

1:1 the author of the Book of Daniel may have added stories that were in the beginning of the Book of Daniel to incorporate Daniel in the timeline of the

Babylonian Captivity and the Persian Empire. The Book of Daniel was written in the 2nd century B.C.E. Daniel is not mentioned in the Quran or the hadiths. We cannot confirm in Daniel is a Prophet or not. Daniel may not have existed.

1:2 this is a false verse; King Nebuchadnezzar II did not take some of the articles and the Ancient Israelites treasure to the temple of his false god in Shinar in Western Arabia. The author had mistaken Shinar in Western Arabia for Babylon.

1:4 Daniel taught Babylon the language and literature of the Chaldeans in Mesopotamia

1:7 this is a false verse that Daniel was renamed to Belteshazzar and was called Belteshazzar by the Babylonians. This is an Aramaic spelling of the name Bel-sarru-usur. Belteshazzar would be an Akkadian name. The Ancient Israelites did not mess up the spelling. It is possible that the Ancient Israelites may have heard the name wrong where Daniel was called Belshazzar by the Babylonians called Daniel. The Biblical Hebrew spelling of “Belteshazzar” is “Belshazzar”.

1:17 Daniel could understand dreams and visions of all kinds.

2:4 this is a false verse that the Chaldeans referred to as astrologers in the Book of Daniel told King Nebuchadnezzar II of the Neo-Babylonian Empire that they would interpret King Nebuchadnezzar II’s dream. From this verse to the end of Daniel 7 is in Aramaic.

2:5 this is a false verse that King Nebuchadnezzar II of the Neo-Babylonian Empire chose the Chaldeans in Mesopotamia to interpret his dream and told the Chaldeans that he would have them cut into pieces and their houses would be turned into piles of rubble if the Chaldeans did not interpret his dream.

2:10 this is a false verse that the Chaldeans responded to King Nebuchadnezzar II of the Neo-Babylonian Empire agreeing to interpret his dream and that no King is better than him. Also, the Chaldeans said that no magician, no enchanter, and no one of the Chaldeans has ever asked to interpret the dream of King Nebuchadnezzar II of the Neo-Babylonian Empire that it is too difficult to interpret King Nebuchadnezzar II of the Neo-Babylonian Empire’s dream.

2:20 Daniels’s praise

2:23 the God of Daniels’s father is called Elah; Elah is close to Allah.

2:24 this is a false verse; this prophecy was not fulfilled where the Messiah would conquer the earth.

2:42 the height and width of the golden statue is not listed in Daniel 2.

2:39-45 this prophecy could be a reference to the four Kingdoms after the Persians that had conquered the Babylonians. The four Kingdoms were the Seleucid, the Parthian, the Roman, and the Sassanid Empires. During the beginning of the Rashidun Caliphate, the Rashidun Caliphate destroyed the Empires at the time. King Nebuchadnezzar II thought it was his Neo-Babylonian Empire that Daniel was describing to him.

2:46 King Nebuchadnezzar II prostrated after Daniel had a dream of king Nebuchadnezzar II building a giant statue. King Nebuchadnezzar II also offered an incense to our Lord. King Nebuchadnezzar II honored Daniel, he also promoted Shadrach, Meshach, and Abednego afterwards.

2:47 our Lord is called the God of gods by Daniel. The Biblical Hebrew words are Elah and Elahin. Elah is close Allah.

3:1 King Nebuchadnezzar II required the Israelites to bow to a golden statue of him that was 90 feet tall and 90 wide which was set up in Dura in Babylon. Everyone in Babylon was required to worship his golden statue or else they would be thrown into a fire. Three Muslims named Shadrach, Meshach, and Abednego would not bow to King Nebuchadnezzar II’s golden statue. The three Muslims were thrown into the fire. King Nebuchadnezzar II thought he saw a fourth Ancient Israelite who was a son of god meaning someone like Ephraim. The three Muslims were saved from the fire. King Nebuchadnezzar II said that an Angel delivered them from the fire. He also said whoever insulted our Lord would be cut up into pieces. The three Muslims were promoted afterwards. The three Muslims wore turbans. Prophet Muhammad wore a turban. I don’t’ believe the golden statue of King Nebuchadnezzar II was that tall and wide. Many people believe the image of gold sixty cubits high, and six cubits wide is a sign of the false beast in the Book of Revelation, it is not.

3:8 the Chaldeans denounced the Muslims for political reasons where the Chaldeans did not want the Muslims to serve in high ranks in King Nebuchadnezzar II of the Neo-Babylonian Empire’s government.

3:88 Azarias is an Arabian name.

4:7 this is a false verse that King Nebuchadnezzar II of the Neo-Babylonian Empire brought the wise men of Babylon before him, they were the magicians, the enchanters, and the Chaldeans. King Nebuchadnezzar II of the Neo-Babylonian Empire did this to tell them about his dream of a tree.

4:9 this is a false verse of Daniel being called Belteshazzar by King Nebuchadnezzar II

4:13-17 watchmen called a messenger, and the Watchers are not the same. This is also in Daniel 4:17 where they are called messengers. The messengers are the Angels that serve our Lord. The Aramaic words are “ir” and “I.rin”. The words “ir” and “i.rin” mean watchmen in Aramaic. The words also mean watcher or watchers in Aramaic. The words also mean guardian or guardians in Aramaic. These two words are not the Aramaic word “Grigori” called the Watchers in the Book of Enoch. There is a possibility that the Book of Enoch could have been written in Biblical Hebrew.

4:18 this is a false verse of Daniel being called Belteshazzar by King Nebuchadnezzar II

4:19-27 these are false verses of Daniel having a dream that King Nebuchadnezzar II would eat grass like a cow and would be soaking in dew from heaven.

Also, the Babylonian King Belshazzar’s land would be given to the Medes and the Persians. Belshazzar is an Arabian name. King Belshazzar used the stolen chalices to drink his wine. The King summoned the enchanters, the Chaldeans, and the soothsayers. The author of Daniel 5 did not list the Queen’s name. The author of Daniel 5 calls the Queen the mother of King Belshazzar. The author of Daniel 5 did not list the Queen’s name. It is unlikely that King Nebuchadnezzar II is the father of King Nabonidus. The Queen did not tell Daniel that King Nebuchadnezzar II is Nabonidus’s father and King. King Nebuchadnezzar II did not appoint Daniel as the chief of the magicians, the enchanters, the Chaldeans, and the soothsayers. Daniel is called Belteshazzar by the Queen and King Nebuchadnezzar II. Daniel did not have his name changed to Belteshazzar. Only Daniel could understand the writing on the wall, mene, mene, tekel, parsin is Aramaic. Aramaic was a common language in Babylon. There is no

evidence that King Belshazzar was executed, this event would have had to have taken place during the Fall of Babylon from 540-539 B.C.E. The hand would have been a jinn. In the story, King Belshazzar rewards Daniel for interpreting the writing on the wall. This story could have been to fulfill the prophecy in Jeremiah 50:2 that the false god bel in Babylon would be shamed and that the author of Daniel 5 thought the false god bel of Babylon was a reference to King Belshazzar and the Fall of Babylon. Daruis the Mede did not take over the Babylonian Kingdom at age 62, Darius the Mede is not a real person, Darius the Mede was not a Persian king. The invaders of Babylon were Persians, not Medes, the Medes were before the Persians. Historians do not know if King Belshazzar died during the fall of Babylon in 539 B.C.E. This false story came after the fall of Babylon in 539 B.C.E and may have come far later after the fall of Babylon.

8:20 the two horned King of Persia and Medes, this could be a Dhul Qarnayn reference, I believe it is. This also means the Quran didn't plagiarize the story of Dhul Qarnayn from mythology of the time, the story is taken from an earlier source. Cyrus the Great had two titles of King of Persia and was King of Media which is Medes.

8:23-24 the master of intrigue will come during End Times, this is an Antichrist reference.

9:1-2 these are false verses, King Darius was the King of the Achaemenid Empire, King Darius was not the King of the Chaldean dynasty. Darius is the father of Xerxes I; Darius is not the son of Xerxes I. Daniel 9:1 mentions the Chaldean dynasty. The exact number of years in Babylonian Captivity is 66 years.

9:4-19 Daniels's prayer

9:20-22 Daniel speaks to Gabriel again. Daniel describes the Angel Gabriel as "the man". The Angel Gabriel is the Angel that delivers revelation to the Prophets. I believe the Angel Gabriel's Biblical Hebrew name translates to his Arabic name Jibril. I believe the Angel Michael's Biblical Hebrew name translates to Mikal. Michael's name means who is like God and gift from God. Every time Michael's name is said, our Lord is praised.

11:42-45 around End Times, a King will gain control over Egypt, Ethiopia, and Libya. He will get all the gold and silver in Egypt. The citizens in these three countries will submit to him. He will go as far as the “holy mountain”, I’m not sure where that is. His Kingdom will come to an end.

12:1 the Angel Michael is the Angel that protected Ancient Israel and the Ancient Israelites. The Angel Michael is the Angel who is the protector and fighter of the Prophets. This is the same as Islam. The Angel Michael will return during End Times. All people written in the Book of Life will be delivered to Paradise. This verse is about the Day of Judgement.

After two days, our Lord would redeem the Ancient Israelites after the Ancient Israelites turned away from our Lord in Ancient Israel in Arabia. One the third day, he will raise the Ancient Israelite up. This is not a Messiah prophecy; the Israelites were not revived on the second day of Jeshu’s alleged resurrection. This prophecy was not fulfilled.

8:3-4 Allah says Israel establishes Kings he does not approve of, and they choose authorities I do not know. This would explain why some of the Kings were corrupt.

8:5-6 this story of Prophet Hosea condemning the Jeroboam calf idol worship shares similarities with the Quran.

Book of Amos:

2:4 the Lord says Judah was led astray by false gods, the false gods their ancestors followed. This is the same as the polytheists during Prophet Muhammad’s preaching. The reason why the Prophets preaching worked was because they kept insisting. The public remembered they had preached.

2:9 this is a false verse that the King of Bashan named Og was as tall as a cedar meaning over 100 feet tall. He was also as strong as a tree. This is an exaggeration. The Amorites were destroyed who were as strong as oak trees. Oak trees are known to Southern Arabia.

3:6 this is a false verse that the Lord does evil in a city the Lord does not accept

5:5 if you seek Allah, you will live

5:10 they hate the truth; they hate those who speaks with honesty.

5:15 hate evil and love good, establish justice.

5:18 Prophet Amos warns that the Day of the Lord will be darkness and not light. This day is not what you want. Prophet Amos knew people wanted ancient Israel to rule the earth and he warned that it would not be what they wanted if ancient Israel were to ever run the earth. The talmudists don't believe Prophet Amos here despite this verse being in the Bible.

5:21-24 Prophet Amos hated and despised the polytheists' religious festivals.

5:26 Remphan the star god was in Israel; this is where the Jews get their "star of David" from

1:3-16 Prophet Jonah knew our Lord caused the storm. The men on the ship knew the Lord caused it because of Prophet Jonah disobeying our Lord.

2:8 those who pay regard to idols forsake their hope for steadfast love meaning they will not be obedient to Allah’s laws every time. The idol could be being right all the time in psychology to argue with other people. They become a person they never intended for thinking they had made this great discovery they wanted to share with others, for most, they never returned to the Islamic faith. Everyone around them became their enemy and they always thought they were right, yet they were wrong on so much.

3:1-9 the people of Nizwah went to idol worship, Prophet Jonah warned that Nizwah in Eastern Arabia would be overthrown in forty days. The people of Nizwah had repented on the first day they had fasted, so Allah had forgiven them. Idol worshippers were polytheists, historical records confirm this.

3:10 this is a false verse that our Lord relented from destroying Nizwah in Eastern Arabia. If Prophet Jonah did not leave Nizwah in Eastern Arabia while preaching, Allah would have destroyed Nizwah in Eastern Arabia.

4:1-10 Prophet Jonah describes Allah being slow to anger, Prophet Muhammad in the hadiths was described the same way. Prophet Jonah was angry that the prophecy wasn't fulfilled as he felt it had discredited him as being a Prophet. Our Lord had disagreed.

7:6 Prophet Micah describes how a son had dishonored his father, and a daughter dishonored her mother at that time in Ancient Israel in Arabia.

7:16 nations will be ashamed of being deprived of their control over the world. The disbelievers will cover their mouths in disbelief. The disbelievers won't listen to Scripture during End Times.

7:17 the first sentence in this prophecy is false that those who come crawling to the Lord will lick dust like a snake. The disbelievers will come trembling out of their homes.

7:18 God's anger is not forever.

Book of Nahum:

1:1 Nahum is a Prophet.

1:2 Prophet Nahum says that God is a jealous and avenging God. Prophet Nahum also says that God takes vengeance on his foes and vents his wrath on his enemies.

1:3 our Lord is slow to anger and is great in power. Our Lord will not leave the guilty unpunished. The part of the verse that is false is that the clouds are not the dusk of our Lord's feet, our Lord does not have feet. This is the same as the Quran.

1:7 the Lord is good, a refuge in times of trouble he cares for those who trust him

1:14 our Lord says He will destroy the images and idols in the temples of the false gods in Nizwah in Eastern Arabia. This is the same as the Quran.

Book of Habakkuk:

1:6 this prophecy was fulfilled where Prophet Habakkuk warns the Ancient Israelites that the Chaldeans in Mesopotamia will be raised up against the Ancient Israelites. Allah describes the Chaldeans as a ruthless and careless nation.

1:11 guilty men whose strength is their own false god.

1:12-17 Habakkuk complained twice about injustice to which the Lord had replied that it is to get the Israelites angry and resilient.

2:2-3 our Lord speaks to Prophet Habakkuk to write down the revelation of tablets that our Lord gave to Prophet Habakkuk. This is more reason to believe that the Book of Revelation in the false gospel we have today is called something different in the infallible Bible in Paradise.

2:14 this is a prophecy that the world will have knowledge of the Lord.

3:1 Habakkuk's prayer. This chapter in the Old Testament is Habakkuk’s prayer to our Lord. Habakkuk 3 is not a prophecy of Prophet Muhammad. The Biblical Hebrew word used is Sela and not Paran. Prophet Habakkuk is describing what happened in Medina, Midian, and Cush during his time. Cush is located near Medina in Western Arabia and Midian in Western Arabia.

3:9 this is a false verse describing our Lord having nakedness.

Book of Zephaniah:

1:1 Zephaniah a Prophet. Zephaniah is an Arabian name.

1:2-18 during End Times, everything will be swept away. In the places where false gods are worshipped violence and deceit will be widespread. Wealth will be destroyed, there will be God’s wrath, there will be darkness, there will be such distress, the whole earth will be consumed.

3:9-20 these verses are a prophecy of Muhammad to bring a different language referred to as a pure language for the Israelites to speak called Arabic. Allah is mighty and has love for his believers.

Book of Haggai:

2:6-8 this prophecy was not fulfilled of the Heavens and the earth shaking during Herod's temple.

2:9 Herod's temple was not greater than Sulaiman's Temple. It has no biblical basis since it was never led by a Prophet. This verse was likely put in to get people excited for their faith.

2:23 this is not a prophecy. This is speaking to Zerubbabel at the time.

Book of Zechariah:

1:1 Zechariah is an Arabian name

1:12 the number of years of the destruction of Sulaiman's Temple in Palestine is 70 years. This is confirmed in history.

2:6 this verse is not a prophecy; this verse is about the Lord encouraging the Ancient Israelites to leave Babylon where they were enslaved. Many of the Ancient Israelites who were once enslaved did not want to leave Babylon to go back to Arabia.

5:5 an Angel appeared to Prophet Zechariah with a basket. Prophet Zechariah opened the basket, there was a woman in a basket. Prophet Zechariah did not want the basket. The two Angels could have been female Angels that lifted the basket between Heaven and the earth. A male Angel replied to Prophet Zechariah that the basket was going to be taken to a house that was going to be built in the land of Shinar in Western Arabia.

5:9 this is a prophecy of two women with wings who are agents of Allah. This could be a reference to female Angels.

6:1-3 Prophet Zechariah saw four chariots with horses.

6:9-15 there was a man called “the branch” who lead building Herod’s temple. The early rules of Herod’s temple are Heldai, Tobijah, Jedaiah, and Hen son of Zephaniah. A memorial was built for them inside of Herod’s temple. These verses are not prophecy. Zephaniah is an Arabian name.

7:5 the number of years of the destruction of Sulaiman’s Temple in Arabia and the building of the “second” temple in Palestine is 70 years. This is confirmed in history.

7:9 thus speaketh the Lord. Administer true justice, show mercy and compassion to his brother. Brothers and sisters is the same concept in Islam.

8:14 the Lord had brought disaster and showed no pity when a generation angered him.

8:16-17 "these are the things you are to do: Speak the truth to each other and render true and sound judgment in your courts; do not plot evil against each other, and do not love to swear falsely. I hate all this" declares the Lord.

9:9-10 these verses are a false prophecy of the Messiah

10:4 this verse is describing a war that Judah had fought. This verse is not a prophecy of the Messiah.

11:1-4 Prophet Zechariah mentions the oak trees of Bashan in the Jordan. Oak trees are known to Southern Arabia.

11:4-6 Prophet Zechariah says the Lord would not take the Israelites out of Babylonian Captivity at the time, these verses are not a prophecy. We may never know if the people who compiled the Bible added stories from Mesopotamia when the Israelites were in Babylonian Captivity.

11:8-9 these verses mention three shepherds that abhorred a Prophet. There were several Prophets that were abhorred by the Israelites.

11:12-13 this is a story about Prophet Zechariah, not the Messiah of the Messiah being sold for 30 pieces of silver.

12:2 this is a false verse; this prophecy was not fulfilled that God would make intoxicating drink that causes their enemies of Ancient Jerusalem and Ancient Judah to stagger.

12:10 this verse is not a prophecy; this verse is about Prophet Zechariah telling the Ancient Israelites that all nations that were going to battle against Ancient Jerusalem in Southern Arabia would lose and would weep. This verse is not a prophecy of Prophet Isa's alleged crucifixion. This is where Christians get that their false god is the "only son" of god.

13:7-9 this prophecy did not happen that two thirds of the population of Ancient Israel would be struck by our Lord.

14:3 the Lord fights the day of battle. That means Allah is fighting for the Ummah in some way. In the Quran it says the Angels fought during the Battle of Badr. That's one way the Lord is fighting. The Lord is sending out his Angels.

14:7 Prophet Zechariah says that the Final Day is only known to our Lord. There will be neither day nor night on the Final Day. During the evening, there will be light on the Final Day. This is similar to the Quran.

14:9-11 these are false verses, this will not happen, there will be a Final Day.

14:12 this is a false verse; this prophecy was not fulfilled that there would be a plague that strikes the nations that fought against Ancient Israel.

14:17-18 the people of Mizraim faced rain as a plague along with the other tribes of the reign in Arabia if the tribes didn't celebrate the Feast of Tabernacles. The people of Mizraim in this verse are referred to as a tribal group, Egypt is not a tribe. The tribe of Mizraim lived in a nomadic land in the desert that mainly depended on rain for its herding and farming. Ancient Egypt was a Kingdom that relied primarily on the Nile River, not the rain for farming its vast lands and maintaining its agriculture revenue. King Esarhaddon of the Neo-Assyrian Empire wrote in a Mesopotamian cuneiform tablet that Mizraim of the Arabian Hejaz conquered his armies.

Book of Malachi:

1:1-5 these verses were put in to describe why Israelites were favored over Edomites however it could have been added by the Israelites to show why they felt the Lord had favored them. The Edomites went by manmade law instead of Biblical like Herod who has Jeshu killed for protesting. What we can take from these verses is that this will go on till the end of time, one good and one bad. Esau being hated, that doesn't mean Allah hated Esau, it can mean Allah hated Esau's actions to the point of using the word hate as emphasis not as hating Esau personally. Esau for all we know may have been no sort of oppressor or enemy of Allah, Esau may have not cared at all, never caring for criticism of any kind where nothing had mattered to him, his only concern would have been to make it through life. Chances are that these verses are false. God's hatred of Esau can mean that God's hatred was of the religion of Esau that Esau wasn't the faith of Prophet Abraham.

1:6 Malachi is not his real name. Malachi means my Messenger in Biblical Hebrew which means that Malachi is a Prophet, and he is a Messenger who revealed Scripture. We don't know which Prophet Malachi is. Malachi and Ezra are not the same person. Malachi means my Messenger in Biblical Hebrew because in Judaic literature the Jews were expecting the Messiah to come before the appearance of Prophet Elijah. This is why Prophet Elijah was described in the transfiguration whether it happened or not.

2:16 Allah hates divorce.

3:1-5 these are most likely describing a Prophet during the time of Sulaiman's Temple. We don't know if Malachi or another Prophet cleared out Sulaiman's Temple of unrighteousness.

3:6 Allah states he does not change his mind. God is consistent, this verse shows Islam is correct. Our Lord says His judgment is always the same. This verse relates to Islam where Sharia Law is Allah's divine judgement on the earth. This is noteworthy.

3:23 prophecy not fulfilled of Prophet Elijah meeting Prophet Isa before Prophet Isa's death. I would like to ask Christians why this prophecy is not found in their false gospel, yet they point to all these other alleged prophecies?

4:5 Prophet Elijah will return during End Times.

4:6 that parents and their sons and daughters will listen to each other during End Times or else the Lord will strike the land of Arabia. The Lord will strike the land of Arabia during End Times.
